Preface

These Philippine Bidding Documents (PBDs) for the procurement of Goods through Competitive Bidding have been prepared by the Government of the Philippines for use by any branch, constitutional commission or office, agency, department, bureau, office, or instrumentality of the Government of the Philippines, National Government Agencies, including Government-Owned and Controlled Corporations, Government Financing Institutions, State Universities and Colleges, and Local Government Unit. The procedures and practices presented in this document have been developed through broad experience. They are for mandatory use in projects that are financed in whole or in part by the Government of the Philippines or any foreign government/foreign or international financing institution in accordance with the provisions of the 2016 revised Implementing Rules and Regulations of Republic Act No. 9184.

The Bidding Documents shall clearly and adequately define, among others: (i) the objectives, scope, and expected outputs and/or results of the proposed contract or Framework Agreement, as the case may be; (ii) the eligibility requirements of Bidders; (iii) the expected contract or Framework Agreement duration, the estimated quantity in the case of procurement of goods, delivery schedule and/or time frame; and (iv) the obligations, duties, and/or functions of the winning bidder.

Care should be taken to check the relevance of the provisions of the PBDs against the requirements of the specific Goods to be procured. If duplication of a subject is inevitable in other sections of the document prepared by the Procuring Entity, care must be exercised to avoid contradictions between clauses dealing with the same matter.

Moreover, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents. The following general directions should be observed when using the documents:

- a. All the documents listed in the Table of Contents are normally required for the procurement of Goods. However, they should be adapted as necessary to the circumstances of the particular Procurement Project.
- b. Specific details, such as the “*name of the Procuring Entity*” and “*address for bid submission*,” should be furnished in the Instructions to Bidders, Bid Data Sheet, and Special Conditions of Contract. The final documents should contain neither blank spaces nor options.
- c. This Preface and the footnotes or notes in italics included in the Invitation to Bid, Bid Data Sheet, General Conditions of Contract, Special Conditions of Contract, Schedule of Requirements, and Specifications are not part of the text of the final document, although they contain instructions that the Procuring Entity should strictly follow.

- d. The cover should be modified as required to identify the Bidding Documents as to the Procurement Project, Project Identification Number, and Procuring Entity, in addition to the date of issue.
- e. Modifications for specific Procurement Project details should be provided in the Special Conditions of Contract as amendments to the Conditions of Contract. For easy completion, whenever reference has to be made to specific clauses in the Bid Data Sheet or Special Conditions of Contract, these terms shall be printed in bold typeface on Sections I (Instructions to Bidders) and III (General Conditions of Contract), respectively.
- f. For guidelines on the use of Bidding Forms and the procurement of Foreign-Assisted Projects, these will be covered by a separate issuance of the Government Procurement Policy Board.

I. RATIONALE

The holiday season is a time for the Pamilyang Pinoy to prepare for the celebration of Christmas and New Year. Traditionally, Filipinos celebrate the holidays with several parties that include consumption of alcohol and foregoing of eating balanced diets; giving of gifts; and the use of fireworks and pyrotechnic devices.

Moreover, according to the report of the Regional Epidemiology and Surveillance Unit (RESU), sentinel sites in the National Capital Region reported 322 cases of gunshot wounds and fireworks-related injuries (FWRI) to the Online National Electronic Injury Surveillance System (ONEISS) between December 21, 2023, and January 6, 2024. Compared to the same period last year, when there were 141 cases, this is 128.37% higher.

To remind Filipinos to enjoy the holidays with loved ones whilst ensuring a healthy and safe celebration, the Metro Manila Center for Health Development (MMCHD) will launch a campaign on Ligtas Christmas.

The Ligtas Christmas campaign consists of three sub-campaigns namely *Healthy Handaan*, *Healthy Celebrations*, and *Iwas Paputok*. *Healthy Handaan* aims for Filipinos to remain eating a balanced, moderated, and varied diets and avoiding alcohol during social gatherings. *Healthy Celebrations*, on the other hand, promotes the observation of minimum public health standards such as proper handwashing, wearing masks, and buying and giving gifts that are proper and safe. *Iwas Paputok* aims to prevent further increase of FWRIs and advocates for safer sound and light-emitting devices as alternatives during the welcoming of the new year.

To improve health outcomes and promote healthy behavior during the holiday season, the DOH-MMCHD believes that conducting advocacy activities to amplify preventive and health promotion activities is an effective way to bring together the community, partners, and stakeholders to reduce not only fireworks-related injuries but also noncommunicable diseases caused by unhealthy behaviors. Along with protecting the community from FWRI dangers, this would acknowledge the role of diverse stakeholders in raising awareness of FWRI and promoting a healthier and safer community.
