Preface

These Philippine Bidding Documents (PBDs) for the procurement of Goods through Competitive Bidding have been prepared by the Government of the Philippines for use by any branch, constitutional commission or office, agency, department, bureau, office, or instrumentality of the Government of the Philippines, National Government Agencies, including Government-Owned and/or Controlled Corporations, Government Financing Institutions, State Universities and Colleges, and Local Government Unit. The procedures and practices presented in this document have been developed through broad experience, and are for mandatory use in projects that are financed in whole or in part by the Government of the Philippines or any foreign government/foreign or international financing institution in accordance with the provisions of the 2016 revised Implementing Rules and Regulations of Republic Act No. 9184.

The Bidding Documents shall clearly and adequately define, among others: (i) the objectives, scope, and expected outputs and/or results of the proposed contract or Framework Agreement, as the case may be; (ii) the eligibility requirements of Bidders; (iii) the expected contract or Framework Agreement duration, the estimated quantity in the case of procurement of goods, delivery schedule and/or time frame; and (iv) the obligations, duties, and/or functions of the winning bidder.

Care should be taken to check the relevance of the provisions of the PBDs against the requirements of the specific Goods to be procured. If duplication of a subject is inevitable in other sections of the document prepared by the Procuring Entity, care must be exercised to avoid contradictions between clauses dealing with the same matter.

Moreover, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents. The following general directions should be observed when using the documents:

- a. All the documents listed in the Table of Contents are normally required for the procurement of Goods. However, they should be adapted as necessary to the circumstances of the particular Procurement Project.
- b. Specific details, such as the “*name of the Procuring Entity*” and “*address for bid submission*,” should be furnished in the Instructions to Bidders, Bid Data Sheet, and Special Conditions of Contract. The final documents should contain neither blank spaces nor options.
- c. This Preface and the footnotes or notes in italics included in the Invitation to Bid, Bid Data Sheet, General Conditions of Contract, Special Conditions of Contract, Schedule of Requirements, and Specifications are not part of the text of the final document, although they contain instructions that the Procuring Entity should strictly follow.
- d. The cover should be modified as required to identify the Bidding Documents as to the Procurement Project, Project Identification Number, and Procuring Entity, in addition to the date of issue.
- e. Modifications for specific Procurement Project details should be provided in the Special Conditions of Contract as amendments to the Conditions of

Contract. For easy completion, whenever reference has to be made to specific clauses in the Bid Data Sheet or Special Conditions of Contract, these terms shall be printed in bold typeface on Sections I (Instructions to Bidders) and III (General Conditions of Contract), respectively.

- f. For guidelines on the use of Bidding Forms and the procurement of Foreign-Assisted Projects, these will be covered by a separate issuance of the Government Procurement Policy Board.

TERMS OF REFERENCE

PROCUREMENT OF FOOD, SUPPLIES, MATERIALS AND RENTAL OF AUDIO VISUAL EQUIPMENT FOR THE CONDUCT OF ‘MAINSTREAMING THE GAD INITIATIVES IN THE 8 POINT ACTION AGENDA’

Type of Service: Event Organizing Services
ABC: Php 1,659,299.70 inclusive of taxes and duties
Funding Source: RD/OARD Health Promotion

I. BACKGROUND/RATIONALE:

The Department of Health’s (DOH) Gender and Development (GAD) Sectoral Agenda 2024-2028 is a medium-term strategy formulated to integrate gender mainstreaming within the DOH’s 8-Point Action Agenda. It aims to identify and implement gender-responsive programs, projects, and activities (PAPs) in line with the DOH's annual GAD Plan and Budget (GPB).

Informed by a comprehensive Gender Analysis, the Agenda underscores the necessity of recognizing the distinct experiences, roles, and needs of women, men, and gender-diverse individuals. The analysis highlighted that when health initiatives fail to recognize these differences, gender inequality results. To foster gender equity across these initiatives, Gender Mainstreaming is the approach utilized to achieve equality among women, men, and people with diverse sexual orientation, gender identity and expression and sex characteristics (SOGIESC). Four (4) critical entry points exist for mainstreaming gender in Universal Health Care (UHC) and developing and implementing the GAD Sectoral Agenda: policies, people, enabling mechanisms, and programs/projects.

The priority gender considerations and the findings from the analysis of gender main streaming entry points serve as the basis for developing the DOH GAD Sectoral Agenda. Together with the DOH mandates, the GAD Strategic Framework's vision mission and goals, and strategic thrusts were developed based on the 8-Point Action Agenda Statements and forward-looking medium-term strategies provided by national and sectoral development plans.

The GAD Strategic Framework (GADSF) defines the GAD mission, vision, and goals of the DOH. The GAD vision reflects the projected direction to achieve gender equality and empowerment of women and other sex and gender minorities based on the DOH priorities and thrusts. The GAD mission articulates the agency's purpose based on its mandate as provided by law, such as the Republic Act No. 9710 or also known as the Magna Carta of Women (MCW) Act of 2009. The GAD goals are based on the targeted gender outcomes and results from actions or interventions that address the priority gender issues identified in the gender analysis. As defined by the Philippine Commission on Women's (PCW) Memorandum Circular 2018-04, each agency shall set GAD goals that it can achieve over six (6) years.

The GAD Strategic Plan (GADSP) outlines the GAD goals, priority gender issues that must be addressed, and the actions required to address them over the medium term. The GADSP serves as the blueprint that operationalizes the GAD Agenda and serves as the principal reference in formulating the annual GPB, which is client-focused and organization-focused. Supporting the implementation of the Agenda, the GADM on monitoring and Evaluation Framework (GMEF) tracks the progress and effectiveness of GAD activities. Utilizing gender-related indicators from national sources, the GMEF ensures a robust approach to monitoring and evaluation, facilitating informed decision-making and strategy adjustments.
