	• Battery Life: More than 1,000 continuous measurement	
	• Size: 81 x 52 x 16 mm	
	 Measurement: Capillary and Venous Whole Blood Blood sample: 0.5 μl 	
	• Measuring time: 5 seconds	
	 Measuring time: 5 seconds Measuring range: 20~600 mg/dL (1.1~33.3mmol/L) 	
	• Hematocrit: 20~60%	
	• Operating Temperature: 10~40°C (50~104 °F)	
	• Operation humidity: 10~90%	
	• Memory: 365 EA	
	• Battery Life: More than 1,000 continuous measurement	
	• Size: 81 x 52 x 16 mm	
	 Material: Made of hard plastic/ ABS Plastic 	
	Standard Requirements:	
	• Delivery period: 30 - 45 Calendar days	
	Warranty Certificate:	
	• Minimum of two (2) years Warranty Certificate for parts and	
	craftsmanship upon delivery, inspection and acceptance duly issued by	
	the Manufacturer & Bidder.	
	With "DOH-MMCHD HFEP" (GOVERNMENT PROPERTY NOT FOR SALE) sticker in each unit	
	Item 24: 3 units IV Stand	
	ABC: 6,000.00	
	Technical Specifications:	
	• Material: Stainless Steel	
	Height Adjustment Range: 152-213 cm (60-84 inches)	
	• 2 to 4 hooks	
	Standard Requirements:	
	• Delivery period: 30 - 45 Calendar days	
	Warranty Certificate:Minimum of two (2) years Warranty Certificate for parts and	
	craftsmanship upon delivery, inspection and acceptance duly issued by	
	the Manufacturer & Bidder.	
	With "DOH-MMCHD HFEP" (GOVERNMENT PROPERTY NOT	
	FOR SALE) sticker in each unit	
IB 2020	Procurement Medical Equipment/ Supplies Package for DOH Regional	
- 199	Office NCR (under Health Facility Enhancement Program) (LOT BIDDING)	
	ABC: 377,500.00	

Item 1: 1 unit Dental Unit, Motorized with Accessories ABC: 180,000.00	
Technical Specifications.	
Technical Specifications: • Power supply voltage: 220V - 60Hz	
• DC Motor's voltage: 24V	
• Air source pressure: >0.55MPa	
• Water source pressure: 0.2MPa 0.4MPa	
• Two (2) sets: 4 hole high-speed handpiece tubing with connector	
• One (1) set: Low-speed handpiece tubing with connector (4 hole)	
 3-way syringe (cold and hot) One (1) set each: Strong and weak suction " 	
• One (1) set: Adjustable headres	
One (1) set: Double or Single armrest	
• One (1) set: Down-mounted instrument tray	
• 5 tips for hand pieces, syringe, scaler "	
• One (1) set: LED operation lamp with sensor Lamp arm 1 set	
• One (1) set: X-Ray film viewer "	
• One (1) set: 24V DC motors " • One (1) set: Key-touch system	
• One (1) set: Assistant control system	
• One (1) set: Water purified system	
• One (1) set: Water heating system	
• One (1) piece: Water bottle	
• One (1) set each: Auto water supply and flush cuspidor system	
• One (1) set: Turnable glass cuspidor	
• One (1) set: Multi-function foot pedals	
 One (1) unit: Dentist stool with PU leather cushion One (1) set: Solenoid valve 	
• One (1) set: ABS plastic covers	
• PVC air and water tubes	
All kinds of copper valves	
• One (1) set: Chair frame	
• One (1) set: Backrest "	
Standard Requirements:	
• Delivery period: 30-45 Calendar days

	craftsmanship upon delivery, inspection and acceptance duly issued by	
	the manufactures & bidder	
	With "DOH-MMCHD HFEP" (GOVERNMENT PROPERTY NOT	
IB 2020	FOR SALE) sticker in each unit Procurement for Medical Equipment/Supplies Package for Ospital ng	
ны 2020 - 201	Parañaque (under Health Facility Enhancement Program) (LOT BIDDING)	
- 201	ABC: P 600,000.00	
	Item 1: 4 units Body Composition Monitor	
	ABC: 400,000.00	
	Technical Specifications	
	Technical Specifications: • Weighing Capacity: 200kg	
	• Weight Increments: 100 gr	
	• Warranty: 5 years	
	Features includes:	
	- Software included	
	- SD Card	
	- Bluetooth - Auto Recognition	
	- Recall Function	
	- Clock, Calendar	
	- Guest Mode	
	- Athlete Mode	
	- User Memory 4	
	Standard Requirements: • Delivery period: 30 - 45 Calendar days	
	Warranty Certificate:	
	• Minimum of two (2) years Warranty Certificate for parts and craftsmanship	
	upon delivery, inspection and acceptance duly issued by the Manufacturer &	
	Bidder.	
	With "DOH-MMCHD HFEP" sticker in each unit	
	Item 2: 5 units Negatoscope	
	ABC: 200,000.00	
	Technical Specifications:	
	• Brightness can be adjustable with dimmer, and also have	
	sensor to make the light turn on automatically	
	 Each bank works independently, adjustable brightness with our Medical x-ray negatoscope 	
	• Be suit for clinic to observe CT, MR, X-Ray film or for	
	photographers	
	• Certified adaptor (100-240V), CE approved	
	All LED x-ray film viewing box adopt LED light source with	
	long lifespan up to 100,000 hours.	
	• The light frequency of x-ray Negatoscope is above 50KHz which can be avoid your eyes from tiring even in long time	
	• The maximum brightness can reach to 5000 cd/m2, and	
	widely applied with various medical film with different density	
	• The flourescent illuminator provides a soft diffuse bluish	
	white light found to be most satisfactory for film	
	illumination	
	 Size: 14 x 16 inches Made of ordinary metal with white paint or stainless steel 	
	Standard Requirements:	
	• Delivery period: 30 - 45 Calendar days	
	Warranty Certificate:	
	• Minimum of two (2) years Warranty Certificate for parts and craftsmanship	
	upon delivery, inspection and acceptance duly issued by the Manufacturer &	
	Bidder.

• Approx. Dim (mm): 2,083 (L) x 730 (W) x 756 (H)	
Standard Requirements:	
• Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
• Minimum of two (2) year Warranty Certificate for parts and craftsmanship	
upon delivery, inspection and acceptance duly issued by the Manufacturer &	
Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit	
Itom 7. 2 units Dhanna souties Define the ADC 400.000.00	
Item 7: 2 units Pharmaceutical Refrigerator ABC: 100,000.00	

Technical Specifications: Power Supply Input: 220 – 240 VAC, 60Hz	
Capacity: at least 260 liters (cubic feet/ meter)	
Standard Features:	
• Temperature range from 2oC to 14oC	
• CFC-free insulation	
Page 9 of 60	
• CFC-free refrigerant	
Rigid polyurethane cabinet insulation	
• Insulated steel frame with double-paned glass windows with heat reflective film	
and with lock	
Temperature display	
• Circulating fan	
• Temperature control	
Light door activated	
Accessible interior light switch	
Automatic defrost	
Standard Accessories:	
• Automatic voltage regulator (compatible to the equipment power requirement)	
Standard Requirements:	
• Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
• Minimum of two (2) year Warranty Certificate for parts and craftsmanship	
upon delivery, inspection and acceptance duly issued by the Manufacturer &	
Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit	
Item 8: 3 units Minor Surgical Sat/Cut Down Sat ADC: 00 000 00	
Item 8: 3 units Minor Surgical Set/Cut Down Set ABC: 90,000.00	
Technical Specifications:	
• Instrument tray with cover 18/8, stainless steel (410mm x 254mm	
x 64mm) for Items 4 and 5	
• Mayo scissors 5-3/4", straight (14.5 cm)	
• Mosquito Haemostatic forceps straight 5" (12.5 cm) 20mm jaw with	
full serrations (2 pcs.)	
• Needle holder, bulldog jaw, 16cm (6-1/4") (1pc)	
• Surgical knife handle #3 (scalpel) 1 pc	
• Surgical knife handle #4 (scalpel) 1 pc	
• Tissue forceps 1 x 2 teeth, 5-3/4" (14.5cm) 1 pc	
Standard Requirements:	
• Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
• Minimum of two (2) year Warranty Certificate for parts and craftsmanship	
upon delivery, inspection and acceptance duly issued by the Manufacturer &	
Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit	
with DOII-WINCHD IITEL SUCKEI II each unt	
Item 9: 2 sets Dental Instrument Set ABC:	
90,000.00

each unit	
Item 10: 10 units BP APPARATUS, NON-MERCURIAL (ADULT AND	
PEDIA CUFF), STAND TYPE ABC: 75,000.00	
The last of Country of the	
Technical Specification:	
• Stand Type	
• 5 legs base unit with caster	
 5 legs base unit with caster Manometer: 0 – 300 mmHg 	
• Manometer: 0 – 300 mmHg	
 Manometer: 0 – 300 mmHg Accuracy: ±3mm Hg 	
• Manometer: 0 – 300 mmHg	

Bandage cuff (adult) (Velcro type)	
• Inflation bag (adult) (latex free)	
• Rubber valve with airflow control (latex free)	
Standard Requirements:	
• Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
• Minimum of two (2) year Warranty Certificate for parts and craftsmanship	
upon delivery, inspection and acceptance duly issued by the Manufacturer &	
Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit	
Item 11: 13 units Stethoscope, Adult ABC: 65,000.00	
Technical Creeffications	
Technical Specifications: • Diagphragm:	
> Diameter: 5.4 Linear Centimetre	
> Material: Epoxy/fiberglass	
> Type: Tunable Diaphragm	
• Soft sealing and rubberized ear tips	
• Chestpiece:	
> Finish: Metal/Resin Composite	
> Technology: Double sided	
> Weight: 47 Gram	
• Rubberized tubing, preferably GREEN	
• Length: 28 inches	
Standard Requirements:	
• Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
• Minimum of two (2) year Warranty Certificate for parts and craftsmanship	
upon delivery, inspection and acceptance duly issued by the Manufacturer &	
Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit	
Item 12: 13 units BP APPARATUS, NON-MERCURIAL (ADULT AND PEDIA CUFF), DESK TYPE ABC: 65,000.00	
TEDIA COFF, DESK TITE ADC. 02,000.00	
Technical Specifications:	
Pressure graduation 0 up to 300mmHg	
Standard Accessories	
Bandage cuff (cotton made)	
Bladder	
Rubber	
Bulb with airflow control	
Latex free rubber	
Bulb	
Standard Requirements:	
• Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
• Minimum of two (2) year Warranty Certificate for parts and craftsmanship	
upon delivery, inspection and acceptance duly issued by the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit	
Item 13: 3 units Suction Machine 2L ABC: 60,000.00	
Technical Specifications:	
•Power Supply 220 VAC, 6Hz	
•Capacity 2 liters or better	
Features	
•Vacuum Pressure: 700mmHg (min)	
• Suction jars- 2 pieces	
Plastic suction jar cover	
• With 2 m long suction hose with nipple	
Standard Accessory	
Plastic Tubing	
Standard Requirements:	
• Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
• Minimum of two (2) year Warranty Certificate for parts and craftsmanship	
upon delivery, inspection and acceptance duly issued by the Manufacturer & Bidder.

Item 26: 4 units Stethoscope, Neon	ate ABC: 30.000.00	
Technical Specifications:		
 Two-sided chest piece 		
 Stainless Steel Chest Piece 		
Combination diaphragm and bell	type	
 Rubberized Ear Tips 		
Standard Accessories		
Spare Eartips		
Spare Diaphragm		
 With Carrying Case 		
Standard Requirements:		
• Delivery period: 30 - 45 Calendar	days	
Warranty Certificate:		
	Warranty Certificate for parts and	
	ection and acceptance duly issued by	
the Manufacturer & Bidder.		
With "DOH-MMCHD HFEP" sticker	in each unit	
Item 27: 2 units Instrument Table A	BC: 30.000.00	
Technical Specifications:		
• Type: Mobile		
Material (Make): Stainless Steel Table tor		
• Table top		
> Size (minimum)		
> Length – at least 80 cm		
> Width – at least 50 cm		
> Height – at least 90 cm		
Standard Features:		
• With 4 caster		
Stainless Steel Tray		
Standard Requirements:		
• Delivery period: 30 - 45 Calendar	days	
Warranty Certificate:		
	Warranty Certificate for parts and	
	ection and acceptance duly issued by	
the Manufacturer & Bidder.		
With "DOH-MMCHD HFEP" sticker	in each unit	
Item 28: 7 units Revolving Stool AB	C: 21,000.00	
Technical Specifications:		
 Plated Steel 		
 Padded Seat 		
 Standard Adjustable height 		
 With foot rest 		
 Five stroke base 		
Standard Requirements:		
Delivery period: 30 - 45 Calendar	days	
Warranty Certificate:		
	Warranty Certificate for parts and	
craftsmanship upon delivery, insr	ection and acceptance duly issued by	
the Manufacturer & Bidder.		
	in each unit

Tochnical Spacifications:	
 Technical Specifications: Size: 410mm x 254mm 64mm (±2"), Fenestrated with cover 	
Gauge: 16	
• Type: 300 series	
Standard Requirements:	
• Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
• Minimum of two (2) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit	
Item 31: 6 units Cord Dressing Set ABC: 14,400.00	
Technical Specifications:	
Stainless Steel	
 Includes the following Instruments: 	
 Kelly Rankin Forcep Straight 6 inch #2 	
 Kidney Basin small #1 	
 Bandage Scissors 6 inch #1 	
Standard Requirements:	
Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
 Minimum of two (2) year Warranty Certificate for parts and 	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit	
Item 32: 1 unit Bassinet with Stand ABC: 10,000.00	
Technical Specifications:	
> Size: 720x450x800 - WxLxH (mm)	
> All stainless steel seamless welded construction	
> PVC clear crib fiberglass with name plate, removable	
> with tilting; 50t upholstered mattress; chart holder plate	
> 1 shelf under crib;	
> Four (4) ball bearing casters	
> With 2 locking brace	
Standard Requirements:	
• Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
 Minimum of two (2) year Warranty Certificate for parts and 	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit	
Item 33: 1 unit Resuscitator, Manual, Neonate ABC: 10,000.00	
Technical Specifications:	
completely autoclavable, heavy duty	
made from yellowish white silicon with visible markings in the bag	
as autoclavable	
all parts can be easily removed to ease cleaning or	
disinfecting with pressure relief valve	
with 2 pcs face mask, 3 pcs oral airway, reservoir bag and oxygen tubing	
240ml capacity	
Standard Requirements:	
Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
Minimum of two (2) year Warranty Certificate for parts and craftsmanship	
upon delivery, inspection and acceptance duly issued by the Manufacturer &	
Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit

Item 35: 1 unit Wheelchair ABC: 8,000.00	
Technical Specifications:	
Material: Steel	
Frame: Black Coated Powder Frame Steel	
Width: Manufacturer's Standard	
Spoke Wheel: 24" x 1"	
Overall Height: Manufacturer's Standard	
Armrest: Fix armrest with nylon cushion pad	
Footrest: Fixed foot rest with leg support	
band With I.V stand, front castor and solid	
tire	
 Standard Requirements: Delivery period: 30 - 45 Calendar days 	
• Delivery period: 30 - 45 Calendar days Warranty Certificate:	
Minimum of two (2) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit	
Item 36: 1 unit Stethoscope, Pedia ABC: 7,500.00	
Technical Specifications:	
• Two-sided chest piece	
Stainless steel chest piece	
Combination of diaphragm and bell type	
Rubberized ear tips	
• Diaphragm Material: Epoxy/Fiberglass	
• Eartips type – soft sealing	
Head Material – Anodized Aluminum/Stainless Steel	
Standard Accessories:	
• Spare ear tips	
• Spare diaphragm	
Standard Requirements:	
• Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
 Minimum of two (2) year Warranty Certificate for parts and 	
craftsmanship upon delivery, inspection and acceptance duly issued by the	
Manufacturer & Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit	
Item 37: 3 units Peak Flow Meter ABC: 6,000.00	
Technical Specifications:	
Reproducibility: Less than 5% or 10 L/min	
 Reproducibility: Less than 5% or 10 L/min Accuracy: +/- 10% or 20 L/min. 	
 Accuracy: +/- 10% or 20 L/min. Interdevice Variability: Less than 10% or 20 L/min 	
Main Body: Impact-resistant ABS plastic	
Scale: Hot-stamped, alcohol-resistant	
Cover and Handle: High-density polypropylene	
Calibration Date: Low Range	
Measurement Rage: 50-390 L/min	
Resolution: 10 L/min	
Standard Requirements:	
• Delivery period: 30 - 45 Calendar days	
Warranty Certificate:	
• Minimum of two (2) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP" sticker in each unit

school, kindergarten, hotel, office, vet, spa, and regimen club, etc
Voltage: 110V/ 220V/50HZ or customized
Power: 40W
Lamp Lifespan: 8000-12000 hours
Time setting: 3 modes settings with remote control
Dimension: 200 x 140 x 480 mm
Standard Requirements:
• Current and Valid Certificate of Manufacturer's compliance with ISO
and/or CE Certificate or its equivalent

Delivery period: 30-60 Calendar days	
• User's manual in English language	
- Operations Manual 2 copies	
- Service Manual 2 copies	
• Certification that the supplier has the capability for corrective and	
preventive maintenance of the unit	
• Certification from the manufacturer that the unit offered is brand new	
and not discontinued model	
Training Requirements:	
• Training at least two (2) end-users	
Warranty Certificate:	
• Minimum of one (1) year Warranty Certificate for parts and craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP" (Government Property not for sale)	
sticker in each unit	
Item 4: Procurement of 2 units of Binocular Microscope	
ABC: 150,000.00	
Technical Specifications:	
Observation Method:	
√ Brightfield	
√ Darkfield	
Illuminator:	
Transmitted Illuminator: LED Lamp	
Focus: Focusing Mechanism: Stage Focus	
Coarse Handle Stroke: 15mm	
Features: Coarse adjustment limit stopper; Torque stopper for coarse	
adjustment knob	
Field Diaphragm:	
✓ Binocular (Option: CX23-FS)	
✓ Trinocular	
Revolving Nosepiece:	
✓ Manual: Standard (4 positions)	
Stage:	
\checkmark Manual: Manual stages with Right-Hand Control	
✓ Built-in X: 76mm Y: 30mm

Item 5: Procurement of 5 sets of Urine Centrifuge
ABC: 150,000.00
ADC. 150,000.00
Technical Specifications:
• The design is up-to-date, beautiful outlook and durable
• The speed and time of Table Top Centrifuge are adjustable
• ABS outer shell can resist collision
Brushless, free maintenance
• Table Top Centrifuge could accommodate 2mL-15mL centrifuge tubes
without changing the rotor
• With safety switch, when cover is opened, the motor can be stopped
• Speed is linear and stable
• Auto-balancing system Standard Requirements:
• Current and Valid Certificate of Manufacturer's compliance with ISO
and/or CE Certificate or its equivalent
• Delivery period: 30-60 Calendar days
• User's manual in English language
- Operations Manual 2 copies
- Service Manual 2 copies
• Certification that the supplier has the capability for corrective and
preventive maintenance of the unit • Certification from the manufacturer that the unit offered is brand new
and not discontinued model
Training Requirements:
• Training at least two (2) end-users
Warranty Certificate:
• Minimum of one (1) year Warranty Certificate for parts and
craftsmanship upon delivery, inspection and acceptance duly issued by
the Manufacturer & Bidder.
With "DOH-MMCHD HFEP"(Government Property not for sale)
sticker in each unit
Item 6: Procurement of 5 units of Hematocrit Centrifuge
ABC: 150,000.00
Technical Specifications:
Designed to accept 10ml blood tubes and up to 15ml urine tubes
2ml tubes with small tube adaptor 5ml tubes with short tube adaptor
Zero RPM Safety Latching System prevents lid from being opened while
Zero Ki w Salety Latening System prevents nu nom being opened white
rotor is spinning
rotor is spinning Quiet running, only 50 decibels at 3400 RPM

4. Separating plate: 1 PC	
Standard Requirements:	
Standar a Regari emento.	
• Current and Valid Certificate of Manufacturer's compliance with ISO and/or CE	
certificate or its equivalent	
Warranty Certificate:	
• Minimum of one (1) year Warranty Certificate for parts and craftsmanship upon	
delivery, inspection and acceptance duly issued by the manufacturer & bidder.	
With "DOH-MMCHD HFEP" (GOVERNMENT PROPERTY NOT FOR	
SALE) sticker in each unit	
IB 2020 Procurement of 4 units of Delivery Table for Malabon City (under	
- 225 2020 Health Facility Enhancement Program)	
ABC: 800,000.00	
Technical Specifications:	
• Designed for gynecological diagnosis, operation, parturition, clinic	
• Three sections: Backrest and footrest are adjustable angle.	
• Stainless steel material	
Leather table surface. Inner must be high density sponge Leather table surface. Inner must be	high
• 2pcs of footplate cover with leather and sponge density sponge or with foam mattree	
leatherette cover	5 WIUI
Standard accessories: • 2 padded stirrups • 1 pair footrest • 2 padded stirrups	
• 1pc of mattress	
• 1pc dirt bucket or kick bucket	
• 1pc sundries shelf or Drawers	
Dimensions :	
Size: 1900 mm x 550 mm x 800 mm Dimensions: Manufacturer's Standard	l
Backrest Lifting :0 50°	
• Footrest :0 75°	
Additional Requirements:	
Current and Valid Certificate of Manufacturer's compliance with ISO	
and/or CE Certificate or its equivalent	
• Delivery period: 30-60 Calendar days	
• User's manual in English language	
- Operations Manual 2 copies	
- Service Manual 2 copies	
• Certification that the supplier has the capability for corrective and	
preventive maintenance of the unit	
Certification from the manufacturer that the unit offered is brand new	
and not discontinued model	
and not discontinued model	
Wewents Castificates	
Warranty Certificate:	
• Minimum of one (1) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP"(Government Property not for sale)	
sticker in each unit	
IB 2020 Procurement of 4 units of Fetal Monitor for Malabon City (under	
- 226 2020 Health Facility Enhancement Program)	
ABC: 720,000.00	
Technical Specifications:	
Dual pulsed Doppler FHR	
Ultrasound Frequency: 1 MHz	
Range: 30-240 bpm, 50-210 bpm==	
With auto-detection of dual fetal movement	
With array-type thermal printer	
With automatic printing function	
Approx. 7-inch. TFT color LCD Display	
3-channel display:FHR I, FHR II, UC	
with Clinical event marking Up to 150 patient data saving, 450 hrs (3hrs/patient)	

	With USB data saving	
	Dimension (H x L x D): approx. 80 x 330 x 280 mm	
	Can be connected to a central monitoring system through PC interface	
	(Optional) Includes the ff. accessories:	
	2 units Ultrasound Doppler probe, 1 unit event marker jack, 3 units probe	
	belt, 1 unit UC probe, 1 unit ultrasound gel, 2 units probe holder, Battery	
	Additional Requirements:	
	• Current and Valid Certificate of Manufacturer's compliance with ISO	
	and/or CE Certificate or its equivalentDelivery period: 15-30 Calendar days	
	• User's manual in English language	
	- Operations Manual 2 copies	
	- Service Manual 2 copies	
	• Certification that the supplier has the capability for corrective and	
	preventive maintenance of the unit	
	• Certification from the manufacturer that the unit offered is brand new	
	and not discontinued model Training at least two (2) end users 	Training requirements:
	- Training at least two (2) end users	 Training/Demo to at least two (2) end-users
	Warranty Certificate:	- Training Denie to at least two (2) end users
	• Minimum of one (1) year Warranty Certificate for parts and	
	craftsmanship upon delivery, inspection and acceptance duly issued by	
	the Manufacturer & Bidder.	
	With "DOH-MMCHD HFEP"(Government Property not for sale) sticker in each unit	
IB 2020	Procurement of 2 units of Two (2) Dimension Echocardiology System	
– 227	(2D Echo)	
	ABC: 5,200,000.00	
	Technical Specifications:	
	1. Physical Characteristics A. At least 15 inch monitor that can be tilted up to -10 degrees and	
	+65 degrees and can be rotated by at least -90 and +90 degrees	
	B. With keyboard for easy patient data annotation and report entries	
	C. With trackball for fast and easy control of equipment functions	
	D. With built-in image printer and built-in digital image archiving	
	E. With built-in DVD writer and with USB port	
	F. Mounted on a cart with 4 anti-static wheels with brakes	
	2. Power Supply	
	220V, 60Hz with at least 2 KVA Uninterruptible Power Supply (UPS)	
	that can provide back-up power of up to 30 mins.	
	3. Technical Characteristics	
	 A. Displays/Indicators 1. Display channel: Electrocardiogram (ECG) amplifier and display in 	
	addition to at least one other physiological channel amplifier display	
	2. Adequate resolution	
	a. Adult	
	i. Axial less than 0.5 mm at all depths and less than 2mm in focal zones	
	ii. Slice thickness of less than 9 mm at all denths	
	ii. Slice thickness of less than 8 mm at all depths b. Pediatric	
	i. Axial less than 0.3 mm lateral less than 3mm at all depths and less	
	than '1 mm in focal zone	
	ii. Slice thickness of less than 5 mm at all relevant depths	
	3. Multiple image display	
	Capable of displaying at least two images in same mode simultaneously	
	4. Multi-mode Display Simultaneous display of B, M spectral, CD and power Doppler modes	
	Simulancous display of D, in special, CD and power Dopplet modes	
	B. Functions	
	1. Brightness (B) mode with tissue harmonic imaging	
	2. Focal level/Focal depth adjustment	
	3. Adjustmen of frequency range on all transducers	
	4. Capability to select at least three transducers without physical removal and reconnection	
	5. Gain and Time Gain Compensation (TGC) control	
	6. Operator-controlled multiple and adjustable focal zones	

7. Provision for scanning pre-sets	
8. Measurement of linear and curved distances, areas and volumes	
9. Look-up tables to link measurements to relevant clinical applications	
10. Cine-loop capability	
11. Automatic and manual calculation of waveform indices	
12. Capability of operator application presets	
13. Magnification using both read and write zoom	
14. Freeze and replay capabilities	
15. Capability of displaying at least 5 measurements simultaneously	
16. Patient identification and entry of other relevant clinical information	
17. Capability of displaying, patient name, institution name, transducer	
type, date, time, frame rate/persistence, thermal index (TI) and	
mechanical Index (MI)	
C. Modes	
1. 2 Dimension (2D), Motion (M) mode	
2. Anatomical M mode	
3. Continuous Wave (CW) Doppler	
4. Pulsed-waved (PW) Doppler	
5. Color Doppler	
D. Spectral Doppler: Range gate accuracy of less than 1mm	
E. Color Doppler: Adjustable thump filter	
F. Microbubble imaging: Suitable scanning mode capability	
G. Adequate penetration: At least 15cm of normal tissue	
H. Transducers (the transducers must have beam steering capability	Transducers (the transducers must have beam
1. Adult Echo Transducers	steering capability
2. Pediatric Echo Transducers	1. Adult/Pedia capable Echo Transducer
3. Curved array probe for fetal echocardiography	2. Linear Array Transducer for Vascular
4. Adult trans-esophageal probe	3. Curved Array probe for fetal
5. Neonatal transthoracic probe	echocardiography
Note: The bidder must declare all transducer frequency ranges and	
applications in the bid specifications.

	c. Bidder's valid and current License to Operate (LTO) as a medical	
	device distributor issued by the Philippine Food and Drug	
	Administration. In case of expired LTO, the following must be	
	submitted:	
	i) Copy of expired LTO	
	ii) Application for renewal	
	iii) Official Receipt as proof of payment for the renewal of LTO	
	Requirements if awarded the Contract	
	1. Completion period: The delivery, installation, testing and	
	commissioning of the equipment and its accessories, including the	
	training of end-users and maintenance staff must be completed within 30	
	- 45 calendar days upon receipt of the Notice to Proceed.	
	Note: The Bids and Awards Committee (BAC) and the winning bidder	
	can agree on the number of days for the completion period.	
	2. Testing: The equipment and accessories must be functioning with no	
	physical damage and/or defect. A Performance Evaluation on the must be	
	conducted by the Center for Device Regulation Radiation Health and	
	Research, Food and Drug Administration (FDA) or its authorized	
	representative. The bidder shall be the one to apply for the Performance	
	Evaluation in FDA. Application fees and other expenses for the conduct	
	of the Performance Evaluation shall be borne by the bidder.	
	Note: To facilitate the immediate conduct of the performance testing, the	
	BAC and the winning bidder can agree that the testing can be done in a	
	holding place located in Metro Manila large enough to accommodate the	
	2D Echo machines.	
	3. Training: The supplier shall provide a training on the proper use and	
	maintenance of the equipment to the end-users and to the hospital	
	maintenance staff. The training must consist of familiarization of the	
	equipment controls, displays, functions, settings, etc. Specialized	
	applications training for Doppler and 2D Echo and other cardiac	
	capabilities of the ultrasound machine.	
	4. Warranty: Warranty certificate for three (3) years on parts and on	
	services. The supplier shall either repair or replace any item or part in the	
	equipment that is found to be defective in material or in workmanship	
	under normal use. The warranty period shall commence from the date of	
	acceptance by the end-user after testing and commissioning.	
	5. Notarized undertaking that the supplier shall conduct the necessary	
	corrective maintenance within five (5) calendar days upon notification of	
	equipment breakdown from the end-user. The undertaking shall include a	
	statement that the number of days where the equipment is unusable due	
	to defective material or workmanship, shall be added to the warranty	
	period.	
	6. Manuals: The supplier must provide the end-user one (1) hard and one	
	(1) soft copy of the following:	
	a. Service manual in English language	
	b. Operations manual in English language	
IB 2020	Procurement of 2 units of NEGATIVE PRESSURE HEPA FILTER	
- 228	MACHINE for Pasay City Health Office (under 2020 Health Facility	
	Enhancement Program)	
	ABC: 1,500,000.00	
	General Specifications:	
	Medical Grade Negative Pressure with HEPA-Filter Machine	
	• The housing is made of commercial-grade aluminum and high-impact	
	ABS plastic or equivalent	
	• The machine is heavy-duty, and the handles are convenient and durable.	
	• The wheels are quiet and non-marking.	
	Technical Specifications:	
	• Coverage: at least 30 sqm floor area	
	• With at least negative pascals pressure	
	• With at least 15 air exchanges.	
	• With variable speed controls.	
	• Easily changeable filters at least every 6 months	
	• Includes manifold adapter kit, quick clamp, and at least 3-ft. flex duct	
	• 220 volts	
	NOTE TO THE INSPECTOR COMMITTEE, the following item/s	
	should be included in the Deliveries Free of charged;	

	1. At least 2 Extra Filters	
	2. Includes Installation	
	Additional Requirements:	
	1. Current and Valid Certificate of Manufacturer's compliance with ISO	
	and/or CE certificate or its equivalent.	
	2. User's manual in english language	
	• Certification to provide user's Manual/ Catalogue in English Language.	
	- Operations Manual/ Catalogue 2 copies	
	- Service Manual/ Catalogue 2 copies	
	1. Certification from the manufacturer that the unit offered is not a	
	discontinued model.	
	Training requirements:	
	1. Training at least two (2) end-users	
	Warranty Certificate:	
	• Minimum of one (1) year Warranty Certificate for parts and	
	craftsmanship upon delivery, inspection and acceptance duly issued by	
	the manufacturer & bidder.	
	With "DOH-MMCHD HFEP" sticker in each unit	
IB 2020	Procurement of 16 units of DENTAL UNIT, MOTORIZED WITH	
- 229	ACCESSORIES	
	ABC: 2,880,000.00	
	Technical Specifications:	
	- Fully motorized with pre-set functions	
	- Touch control chair	
	- Slim ergonomic design upholstery	
	- LED light with sensor switch	
	- Double side armrest	
	- Colored glass/ ceramic bowl, rotating detachable cuspidor	
	bowl (with plastic strainer)	
	- Two (2) pcs. 3 way syringe	
	- Three (3) pcs handpiece attachments (2 hi-speed adaptors	
	& 1 low-speed adaptor)	
	- Auto-cup-filler & bowl flush (water flushing control valve,	
	cup-filler with control valve)	
	- Saliva ejector-built-in motor pump type, does not use air or water	
	- Clean water system	
	- LED X-ray film viewer (Peri-apical X-ray viewer)	
	- Multi-functional foot control	
	- Water tank for distilled water for handpiece	
	- Two (2) hi-speed handpiece	
	- One (1) low-speed complete with streight handpiece &	
	Contra-angle	
	- LED light cure unit (external)	
	- Tissue box with tray and cup dispenser	
	- Silent type and oil-free dental air compressor	
	- Saddle-type and backrest dentist stool	
	Standard Requirements:	
	• A certification that the unit being offered must be brand new and not a	
	discontinued model.	
	Delivery period: 30-90 Calendar days	
	Certification to provide user's Manual/Catalogue in English Language.	
	- Operations Manual/Catalogue 2 copies	
	- Service Manual/Catalogue 2 copies	
	Certification that the supplier has the capability for corrective and	
	preventive maintenance of the unit	
	• Certification from the manufacturer that the unit offered is brand new and not discontinued model	
	Warranty Certificate:	
	• Minimum of one (1) year Warranty Certificate for parts and	
	craftsmanship upon delivery, inspection and acceptance duly issued by	
	the Manufacturer & Bidder.	
	With "DOH-MMCHD HFEP"(Government Property not for sale)	
TD 4000	sticker in each unit	
IB 2020 - 230	Procurement for Medical Equipment/Supplies Package for City of Manila RHUs (under Health Facility Enhancement Program) (Lot Bidding)	
	ABC: P 1,790,400.00	
	Item 1: Procurement of 2 units of BIOSAFETY CABINET	
	ABC: 460,000.00	
	Technical Specifications	
	Power Supply Input: 220 – 240 VAC, 60Hz	

5	
	Standard Features:
1	Type: Class II H2
•	
•	Manual adjustable stand
•	· UV light
•	
•	Shumber material. Stamless steel
•	Sush opening. at least 25 em
•	
•	,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,
•	Load bearing eaplerly. At least 50 kg

	• Certification that the supplier has the capability for corrective and preventive	

maintenance of the unit	
• Certification from the manufacturer that the unit offered is brand new and not	
discontinued model	
Warranty Certificate:	
• Minimum of one (1) year Warranty Certificate for parts and craftsmanship upon	
delivery, inspection and acceptance duly issued by the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP" (Government Property not for sale) sticker in	
each unit	
Item 7: Procurement of 27 units of THERMAL SCANNER (NON	
CONTACT)	
ABC: 108,000.00	
Accessories	
1 GB micro SD card	
miniSD adaptor	
Li-Ion rechargeable battery last for 5 hours	
power supply	
QuickReport software	
USB cable	
lens cap	
hand strap	
heavy duty case	
Technical specification	
Temperature Range: -4 to 662°F (-20 to 350°C)	
Temperature Measurement Accuracy: ±2°C or 2% of reading	
Image storage: 1 GB micro SD card, 1000 images	
Emissivity Table: 0.1 to 1.0 (adjustable)	
Field of View/Min. focus distance: 25° x 25°/0.10 m (3.9")	
Thermal Sensitivity (NETD): $< 0.1^{\circ}$ C at 25°C Detector Type: 32,400 (180 x	
180) $(NETD): < 0.1^{\circ}C$ at 25 °C Detector Type: 52,400 (180 x	
Focal plane array (FPA) uncooled microbolometer Spectral Range: 7.5 µm	
to 13 μm	
Display: 3.5" color LCD	
Video Output: MPEG-4 via USB	
Image Modes: Thermal, Visual, Fusion Fusion Picture-in-Picture (PIP):	
Scalable Visible Light Camera Resolution: 2.3 MP Laser/Classification: Yes /	
Class 2 Laser Type: Semiconductor AlGalnP	
Diode Laser: 1 m@/635 nm	
Laser Marker Function: On IR image	
Spot (center) Measurement Mode Yes	
Auto Hot/Cold Spot Marker Yes	
Area (min/max) Measurement Mode Yes Image Controls Palettes (Iron,	
Rainbow, Black/White) level, span, auto, coninuous/manual)	
Additional Requirements:	
• Current and Valid Certificate of Manufacturer's compliance with ISO and/or CE	
Certificate or its equivalent	
• Delivery period: 15-30 Calendar days	
• User's manual in English language	
- Operations Manual 2 copies	
- Service Manual 2 copies	
• Certification that the supplier has the capability for corrective and preventive	
maintenance of the unit	
• Certification from the manufacturer that the unit offered is brand new and not	
discontinued model	
Warranty Certificate:	
• Minimum of one (1) year Warranty Certificate for parts and craftsmanship upon

Item 9: Procurement of 8 units of INFANT WEIGHING SCALE, DIGITAL
ABC: 64,000.00
Technical Specifications:
-Type: Digital
-Measuring System: Metric
-Scale range (weight): 0-44 lbs/20 kg
-Material: ABS Medical plastic
-Detouchable tray with lock
-Power supply for must be 220 VAC
- 60 HZ or battery operated batteries are included AC or DC operated
-Tray length: at least 50 cm.
-Tray depth: at least 7 cm.
Additional Requirements:
Current and Valid Certificate of Manufacturer's compliance with ISO and/or CE
Certificate or its equivalent
Delivery period: 15-30 Calendar days
User's manual in English language
- Operations Manual 2 copies
- Service Manual 2 copies
• Certification that the supplier has the capability for corrective and preventive
maintenance of the unit
• Certification from the manufacturer that the unit offered is brand new and not
discontinued model
Warranty Certificate:
• Minimum of one (1) year Warranty Certificate for parts and craftsmanship upon
delivery, inspection and acceptance duly issued by the Manufacturer & Bidder.

Item 11: Procurement of 25 units of PORTABLE PULSE OXIMETER
ABC: 37,500.00
Technical Specifications:
• Color OLED display, simultaneous display for testing value and plethysmogram
• The display interface of OLED can notate found inactions with six different
• The display interface of OLED can rotate four directions with six different
display modes after pressing the power button for less than 0.5s.
Real time pot checks
• 2 color OLED display
•SpO2 measurement range: 70~99%
•Resolution ±1%
• ±2bpm or ±2%
• low perfusion $\leq 0.4\%$
• Power 1.5V (AAA size)
• Alkaline battery x 2
• Supply voltage: 2.6~3.6V Working current ≤30mA Automatic power off.

• Plan achromatic objectives 4X, 10X, 40X & 100X all anti-fungus	
treated	
• Set of eye piece with 10X magnification, one with pointer, both anti-	
fungus treated	
Standard Accessories:	
• Power cord	
• Dust Cover	
• LED bulb	
Additional Requirements:	
Current and Valid Certificate of Manufacturer's compliance with ISO	
and/or CE Certificate or its equivalent	
Delivery period: 15-30 Calendar days	
• User's manual in English language	
- Operations Manual 2 copies	
- Service Manual 2 copies	
• Certification that the supplier has the capability for corrective and	
preventive maintenance of the unit	
• Certification from the manufacturer that the unit offered is brand new	
and not discontinued model	
Warranty Certificate:	
Minimum of one (1) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP"(Government Property not for sale)	
sticker in each unit	
Item 3: 5 units of Cervical Inspection Set/ Vaginal Speculum Set	
ABC: 75,000.00	
Technical Specifications:	
Vaginal Speculum (S, M, L, size)	
3 Ring Forceps - Long	
2 Vaginal retractor	
1 Needle holder long 7" or 8"	
1 Tissue Forceps Long 9"	
Rust Proof, Stainless Steel	
Additional Requirements:	
Current and Valid Certificate of Manufacturer's compliance with ISO	
and/or CE Certificate or its equivalent	
• Delivery period: 15-30 Calendar days	
• Certification from the manufacturer that the unit offered is brand new	
and not discontinued model	
Warranty Certificate:	
• Minimum of one (1) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP"(Government Property not for sale)	
sticker in each unit	
Item 4: 3 units of ECG Machine With Analyzer	
ABC: 195,000.00	
Technical Specifications	
Technical Specifications: - 80x22 mm paper size	
 Automatic measurement & interpretation os standard EG parameter Manual/Auto/Arythmea Analysis mode 	
- Rhythm lead with histogram & trend graph for RR interval	
- With graphic LCD to display 1 channel ECG waveform, setting menu	
and operating conditions of the unit	
menu and operating conditions of the unit	
- Dual power operation, AC & Li-ion battery supporting 2 hr operation	
- Paper size: 80 mm x 20 mm,, roll type	
Additional Requirements:	
Current and Valid Certificate of Manufacturer's compliance with ISO	
and/or CE Certificate or its equivalent	
Delivery period: 15-30 Calendar days	
• User's manual in English language	
- Operations Manual 2 copies	
- Service Manual 2 copies	
• Certification that the supplier has the capability for corrective and	
preventive maintenance of the unit	
 1	

• Certification from the manufacturer that the unit offered is brand ne	W
and not discontinued model	
Training Requirements:	
• Demonstration at least two (2) end-users	
Warranty Certificate:	
• Minimum of one (1) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued b	V
the Manufacturer & Bidder.	5
With "DOH-MMCHD HFEP"(Government Property not for sale	
sticker in each unit	
Item 5: 4 units of ER Bed/Transfer Stretcher	
ABC: 260,000.00	
Technical Specifications:	
• Weight Capacity: 750 lbs	
• Dimensions: 83"x35"x23"-36" (LxWxH)	
• Functional pedals on both sides and each corner	
Adjustable pneumatic back rest	
• Oxygen Tank Holder	
• 2-hook I.V pole and pole socket	
• Mattress	
• Material: Metal	
• Height Adjustable (23"-26")	
Additional Requirements:	
• Current and Valid Certificate of Manufacturer's compliance with IS	0
and/or CE Certificate or its equivalent	
• Delivery period: 15-30 Calendar days	
• User's manual in English language	
- Operations Manual 2 copies

	• 2.5 V handles work with both alkaline batteries or rechargeable	
	batteries	
	• good light transmission of 3,500 LUX with 2.5 V handles	
	 autoclavable up to 134° for 5 minutes (approx. 2,000 times) Foam lined fitted hard case with carry handle 	
	• Preference: LED White	
	Additional Requirements: • Delivery period: 30-45 Calendar days	
	 Demonstration: The supplier shall provide an orientation/ Demo on the proper use and maintenance of the equipment to the end users. 	
	• Current and Valid Certificate of Manufacturer's compliance with ISO	
	and/or CE Certificate.	
	Certification to provide user's Manual in English Language.	
	Operations Manual 2 copies	
	Service Manual 2 copies	
	• Technical and maintenance manuals to be supplied in English Language	
	• Certification that the supplier has a capability for corrective and	
	preventive maintenance of the unit.	
	• Certification that the supplier will be responsible for the notification,	
	transportation to site, delivery, installation and testing on the site	
	(hospital / health facility) and expenses for such will be on the account of	
	the supplier.	
	• Delivery period: 30-45 Calendar days	
	Warranty Certificate:	
	Warranty certificate for One (1) year on parts and services.	
	The supplier shall either repair or replace any item or part	
	in the equipment that is found to be defective in material or in	
	workmanship under normal use. The warranty period shall commence	
	from the date of acceptance by the end-user after testing and	
	commissioning.	
	Recipient:	
	Valenzuela City Emergency Hospital – 1 unit	
	Ospital ng Parañaque I – 1 unit	
	Item 2: 100 units of High Flow Oxygen Nasal Cannula	
	ABC: 250,000.00	
	Technical Specifications:	
	> Single patient use	
	> Individually packed	
	> Soft and flexible nasal prongs for excellent patient compliance	
	> For adult and children	
	> Light weight and flexible interface tube allows freedom of movement	
	for patient and reduce risk of dislodging the device while in use.	
	Additional Requirements:	
	• Delivery period: 15-30 Calendar days	
	• Current and Valid Certificate of Manufacturer's compliance with ISO	
	and/or CE Certificate.	
	• Certification that the supplier will be responsible for the notification,	
	transportation to site, delivery, installation and testing on the site	
	(hospital / health facility) and expenses for such will be on the account	
	of the supplier.	
IB 2020	Procurement of 10 units of Cardiac Monitor under Bayanihan to	
- 233	Heal as One Act	
	ABC: 2,000,000.00	
	Multi-Parameter Patient Monitor	
	A. Display Monitor	
	a. at least 12 inches size	
1	b. color TFT touch screen	

c. capable of displaying 4 to 6 waveforms	
c. capable of displaying 4 to 0 waveforms	
B. ECG/Cardiac Monitoring	
a. ECG waveform display (at least 3 wave forms; Lead I, Lead II, and	
Lead III) and with corresponding beep sound on each QRS waveform	
b. Heart rate display	
c. with Arrhythmia Analysis, ST Calculation, and Pace Analysis d. Lead selection switch	
e. Sensitivity switch: 2.5 to 20mm/mV	
f. Filter switch for interference from:	
i. Mains power frequency	
ii. Low and high pass signal	
g. Common Mode Rejection (CMR): more than +100dB	
h. ECG signal measurement range: -2mV to +2mV	
i. Frequency range: at least 0.67 to 150Hz or wider range	
j. Input impedance: 2MΩ at 10Hz k. Frequency response: -3dB at 0.05 Hz to 100Hz	
1. Automatic internal data storing for at least 40 ECG records	
m. ECG leads connector for at least 3-lead patient cable (protection from	
interference)	
n. Patient cable with at least 3 leads and with electrical screening	
o. ECG recorder/printer cable of printing at least 4 waveforms	
simultaneously, Arrhythmia Analysis, ST Calculation, and Pace	
Analysis, and heart rate etc.	
C. Pulse Oximeter	
a. Hinge finger probe or rubber finger and ear sensors for adult, pediatric, and infant use. The connection of the probes to the main unit must have	
locking mechanism	
b. Oxygen Saturation (SpO2): 70 to 99% with minimum graduation of	
1%	
c. Pulse Rate in beats per minute (bpm). Pulse rate range at least 30 to	
240 bpm, with minimum graduation of 1 bpm.	
d. Pulse waveform or indicator that illustrates the strength of pulse being	
detected	
e. SpO2limit alarm activation settings	
f. Pulse rate limit alarm activation settings g. Alarm sound eve adjustment and alarm ooverrideand temporary	
silence control	
a. Alarm of SpO2 measurement: ±3%	
b. Accuracy of pulse rate measurement: ±5bpm	
D. Temperature Measurement	
a. Digital thermometer temperature probe	
b. Body temperature measured at degrees Celsius with measurement range of 32-43°C	
c. Measurement Accuracy: +/-0.1°C between 35°C to 41°C	
E. Non-Invasive Blood Pressure Monitor (oscillometric method)	
a. Inflatable rubber cuff surrounded by durable and flexible cover and	
with Velero strips	
b. Rubber tubes with at least 30cm in length	
c. Systolic and diastolic blood pressure measurement with a maximum pressure reading of 300mmHg	
d. Reading accuracy: ±5 mmHg or better	
e. Measures blood pressure at least every 10 minutes	
F. Respiratory Monitoring	
a. Thoracic impedance measurements via ECG leads	
b. Breaths per minutes with measurement range of 0-120BPM c. Respiratory waveform display	
c. Respiratory waverorin display	
d Measurement accuracy: +3RPM or better	
d. Measurement accuracy: ±3BPM or better	
d. Measurement accuracy: ±3BPM or betterG. Safety Features	
G. Safety Features a. Protection against defibrillation and electrosurgical equipment	
G. Safety Features a. Protection against defibrillation and electrosurgical equipment b. Equipment compatible with patients with pacemakers

IB 2020 - 235	Procurement of 1 unit of Supply Delivery Of Brand New Hepa Filter Machine under Bayanihan to Heal as One Act ABC: 1,000,000.00	
	 Technical Specifications: 1. With elegant and low noise design, Tri Filter HEPA Equipped, Dual Function as Negative Air Pressure and Purifier Machine for indoor medical isolation chamber; 2. Meets the high standard of CDC and KCDC (Korean Center of Disease Control and Prevention); maintaining negative pressure in hospital room which can accommodate 1~6 patients/persons (max. 67m² with 2.5m height); 3. With high-performance BLDC motor, Operators can control level of an output from 0 to 100 freely depending on their situations; 	
	 4. It can be used as an Air Purifier but switched to a Negative Air Machine in case of Emergency; 5. UV LED is installed at the bottom of the main body, sterilize air and filters and can be used as semi-permanent for more than 10 years; 6. Powder coating steel plate protect internal machine from unintended shocks and severs torsion; 7. When using Air Purifier, it can measure the CO2, VOCs, Fine dust, Temperature and Humidity and automatically operate; 	
	 8. By applying double filter damage prevention mechanism, ARDC 2502 model secures filter against unexpected behavior from operators; 9. High-rigidity toggle clamping filter for easy filter replacement and prevention of leakage 10. Maintain negative pressure up to 67m² based on 2.5Pa and 12ACH 	
	 Air Purifier mode can be used up to 224.4 m². Life span of Filter is 1 year. Safety Features: Built in Circuit Breaker Emergency Break-in Button Switch With Built-in Air Particle Counter or Air Particle Sensor Meter 	
	 Technical Specifications Main Unit: 1. Supply Voltage: AC110V~230V, 50/60Hz, 750W; 2. Frame Material : Powder Coating Steel Plate 3. Air Volume (Fan): Max. 70CMM (m³/min) ≒ 2,472CFM; 4. Air Volume (with Filter): Max. 33.5CMM (m³/min) ≒ 1,183CFM; 	
	 5. Size: 672*579*1314(mm); 6. Weight: 129 kg; 7. Operation Mode:0~100 / Digital air volume control; Filter (5 Stages of Filtration): 8. Pre Filter: 56CMM, 15mmH2O; 	
	9. UV LED 10. Medium Filter: 29CMM, 15H2O (≥85%); 11. HEPA Filter: 26CMM, 29.7mm H2O (≥99.99%, 0.3µm) 12. Carbon Filter Free Items: 1 pc Ventilation Hose	
	 Additional set of Filters (1 set) Additional Requirements: Delivery period: 30-45 Calendar days Demonstration: The supplier shall provide an orientation/ demo on the proper use and maintenance of the equipment to the end-users. 	
	 Current and Valid Certificate of Manufacturer's compliance with ISO and/or CE Certificate. Certification to provide user's Manual in English Language. Operations Manual 2 copies (for enduser & supply section) Service Manual 2 copies (for enduser & supply section) 	
	 Certification that the supplier has a capability for corrective and preventive maintenance of the unit. Certification that the supplier will be responsible for the notification, transportation to site, delivery, installation and testing on the site (hospital / health facility) and expenses for such will be on the account of the supplier.

3 Ring Forceps - Long	
2 Vaginal retractor	
1 Needle holder long 7" or 8"	
1 Tissue Forceps Long 9"	
Rust Proof, Stainless Steel	
Additional Requirements:	
• Current and Valid Certificate of Manufacturer's compliance with ISO	
and/or CE Certificate or its equivalent.	
• Certification from the manufacturer that the unit offered is brand new	
and not a discontinued model.	
• Delivery period: 15-30 Calendar days	
• User's manual/catalogue in English language	
Operations Manual 2 copies	
Service Manual 2 copies	
Warranty Certificate:	
• Minimum of one (1) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder	
With "DOH-MMCHD HFEP" (GOVERNMENT PROPERTY NOT	
FOR SALE) sticker in each unit	
Item 7: 1 unit Dental Prophylaxis Instrument Set	
ABC: 45,000.00	
Technical Specifications:	
One SET must contain ALL of the following instruments:	
Each instrument must be packed individually & labeled by the	
manufacturer.	
a. Universal scaler, non-magnetic hollow handle	
b. Perio curette, non-magnetic hollow handle	
c. Periodontal probe	
d. Gracey curette, set of 6 different tips, nonmagnetic hollow handle	
Additional Requirements:	
• Current and Valid Certificate of Manufacturer's compliance with ISO	
and/or CE Certificate or its equivalent.	
• Certification from the manufacturer that the unit offered is brand new	
and not a discontinued model.	
Certification that the supplier will be responsible for the notification,	
transportation and, delivery to MMCHD/health facility and expenses for	
such will be on the account of the supplier.	
• Minimum of one (1) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder	
• Delivery period: 15-30 Calendar days	
With "DOH-MMCHD HFEP" (GOVERNMENT PROPERTY NOT	
FOR SALE) sticker in each unit	
Item 8: 1 set Dental Restorative Set	
ABC: 15,000.00	
Technical Specifications:	
One SET must contain ALL of the following instruments:	
Each instrument must be packed individually & labeled by the	
manufacturer.	
a. Woodson, non-stick, stainless steel	
b. Ash, stainless steel	
c. Cement spatula, stainless steel	
d. Articulating paper forceps, straight, stainless steel	
e. Ball burnisher, stainless steel	
f. Anterior composite filling instrument, thin, nonstick, stainless steel	
g. Anatomic burnisher, stainless steel	
h. Posterior occlusal contouring instrument, stainless steel	
i. Matrix band holder, stainless steel	
j. Composite burnisher, stainless steel	
k. Plugger, stainless steel	
1. Mouth mirror with handle #5, stainless steel	
m. Cotton plier with lock, stainless steel	
n. Explorer, stainless steel	
o. Spoon excavator, stainless steel	
p. Set of burs, round-10, diamond	
Additional Requirements:	
• Current and Valid Certificate of Manufacturer's compliance with ISO	

and/or CE Certificate or its equivalent.	
• Certification from the manufacturer that the unit offered is brand new	
and not a discontinued model.	
Certification that the supplier will be responsible for the notification,	
transportation and, delivery to MMCHD/health facility and expenses for	
such will be on the account of the supplier.	
• Minimum of one (1) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder	
• Delivery period: 15-30 Calendar days With "DOH-MMCHD HFEP" (GOVERNMENT PROPERTY NOT	
FOR SALE) sticker in each unit	
Item 9: 2 units of Dental Unit, Motorized With Accessories	
ABC: 360,000.00	
Technical Specifications:	
- Fully motorized with pre-set functions - Touch control chair	
- Slim ergonomic design upholstery	
- LED light with sensor switch	
- Double side armrest	
- Colored glass/ ceramic bowl, rotating detachable cuspidor bowl (with	
plastic strainer)	
- Two (2) pcs. 3 way syringe	
- Three (3) pcs handpiece attachments (2 hi-speed adaptors & 1 low-	
speed adaptor)	
- Auto-cup-filler & bowl flush (water flushing control valve, cup-filler	
with control valve)	
- Saliva ejector-built-in motor pump type, does not use air or water	
Clean water systemLED X-ray film viewer (Peri-apical X-ray viewer)	
- Multi-functional foot control	
- Water tank for distilled water for handpiece	
- Two (2) hi-speed handpiece	
- One (1) low-speed complete with streight handpiece & Contra-angle	
- LED light cure unit (external)	
- Tissue box with tray and cup dispenser	
- Silent type and oil-free dental air compressor	
- Saddle-type and backrest dentist stool	
Additional Requirements:A certification that the unit being offered must be brand new and not a	
discontinued model.	
• Delivery period: 30-60 Calendar days	
• Certification to provide user's manual/catalogue in English language	
- Operations Manual/Catalogue 2 copies	
- Service Manual/Catalogue 2 copies	
• Demonstration at least two (2) end-users	
Warranty Certificate:	
• Minimum of one (1) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued by the Manufacturer & Bidder.	
With "DOH-MMCHD HFEP" (Government Property not for sale)	
sticker in each unit	
Item 10: 4 units of EENT Diagnostic Set	
ABC: 120,000.00	
Technical Specifications:	
Technical Specifications: - Stainless steel	
- Includes the following instruments:	
1. Otoscope with 2 levels of magnification	
2. Opthalmoscope with different levels of magnification	
3. Laryngoscope	
3. Stainless steel battery handle with brightness control	
4. Nasal speculum	
5. Bent arm throat lamp	
6. Illuminated tongue depressor	
7. Post natal mirror 18 mm diameter	
8. Laryngeal mirror 22 mm diameter9. 4 pcs rechargeable battery with charger of 220 V 60 Hz	
7. + pes rechargeable battery with charger of 220 V 00 HZ	

	10. Spare light bulb (LED/Xenon)	
	11. With hard casing (impact resistant)	
	Additional Requirements:	
	Current and Valid Certificate of Manufacturer's compliance with ISO	
	and/or CE Certificate or its equivalent	
	Delivery period: 15-30 Calendar days	
•	User's manual in English language

• Minimum of one (1) year Warranty Certificate for parts and craftsmanship up delivery inspection and accentence duly issued by the Manufacturer & Bidder	on
delivery, inspection and acceptance duly issued by the Manufacturer & Bidder. With "DOH-MMCHD HFEP"(Government Property not for sale) sticker	in
each unit	
Item 5: 1 unit Weighing Scale For Infant	
ABC: 19,000.00	
Technical Gradiene	
Technical Specifications:	
Capacity (lb): $0 - 22$ lb x 0.01 lb / $22 - 44$ lb x 0.02 lb Capacity (kg): $0 - 10$ kg x 5 g / $10 - 20$ kg x 10 g	
Units of Measure: kg / lb	
Stabilization Time: 1-2 seconds	
Operating Temperature: 40° F - 105° F / 5° C - 40° C	
Power: 1 9V batteryor AC adapter (included)	
Display: 1 in / 25 mm high, 5 digit LCD	
Measuring Tape (included): Up to 21-9/16 in / 55 cm with 1/16 in / 1 mm	
increments	
Dimensions (Scale Base Only): 12.2 in W x 12.6 in D x 1.3 in H / 31 cm W x 3	2
cm D x 3.3 cm H	
Dimensions (Scale with Tray): 22 in W x 13.1 in D x 4 in H / 55.9 cm W x 33.3 \therefore	5
cm D x 10.2 cm H	
Dimensions (Scale with Tray and DLM): 24.6 in W (expands to 34.4 in W) x 1 in D x 6.3 in H)
Accessories: w/ carrying case	
Additional Requirements:	
• Certification from the manufacturer that the unit offered is brand new and no	a
discontinued model.	
• User's manual in English language of the following :	
- Operations Manual (1 hard copy and 1 soft copy)	
- Service Manual (1 hard copy and 1 soft copy)	
• Certification that the supplier will be responsible for the notification,	
transportation and, delivery to MMCHD/health facility and expenses for such	
will be on the account of the supplier.	
• Minimum of one (1) year Warranty Certificate for parts and craftsmanship

Accuracy Temperature: ±0.1°C	
Battery Life: 800 hrs	
Calibration Mode: Water- Saturated air, air saturated water	
Manual (wrinkler titration), zero point	
Channels: 1	
Dimensions (LxWxH): 24 cm x 18 cm x 11 cm x (9.5 in. x 7.1 in x4.3 in)	
Languages: English, Spanish, French, Italian, German and Chinese;	
Portuguese, and Korean available with software	
Display Type: Graphic LCD with backlight	
Keypad: Comprehensive with menu-specific function keys and dual	
purpose scroll/shortcut keys	
Memory: Non-volatile memory preserves data log, calibration log and	
meter settings	
Model: Dissolved Oxygen/ Temerature Benchtop Meter	
Percent Saturation Relative Accuracy (RDO): ±25 saturation 200%	
saturation , $\pm 10\%$, saturation, > 200% saturation	
Percent Saturation Resolution (RDO): 0.1, 1% Saturation	
Pressure Range: 400to 850 mmHg	
Range (Polarographic DO): 0.00 to 90.00 mg/L	
Resolution (Polarographic DO): 0.01, 0.1mg/L	
Resolution (Temperature): 0.1°C, (0.1°F)	
Sensor Types: RDO optical dissolved oxygen sensor or polarographic	
dissolved oxygen sensor	
Temperature Probe Calibration: 1 point temperature offset calibration	
Warranty: 3 year Meter Warranty	
Accuracy (Barometer): ±6mmHg	
Alarm Output: High/Low limit alarm, calibrationdue alarm	
Battery Type: Four (4) AA	
Certification/ Compliance: CE, TUV 3-1, FCC Class A	
Data Points: 2000 with date, and time stamp IP Rating: IP-54	
Relative Humidity Range: 5 to 85%, non-condensing	
Inputs: 9 pin MiniDIN (RDO optical or polarographic DO sensor with	
built in temperature), stirrer input (stirrer probe)	
Log Function Type: Automatic Data logging with Auto-Read and timed	
measure modes; manual data logging with continuous	
Methods: 10 per channel with password protection	
Outputs: USB, RS232	
Percent Saturation Resolution (Polarographic DO): 0.1, 1% saturation	
Power Supply: Universal AC adapter(included) or 4 Aabatteries	
Pressure Resolution: 1 mmHg	
Range (RDO): 0.00 to 50.00 mg/L	
Resolution (RDO): 0.01, to 0.1mg/L	
Salinity Factor: 0.0 to 45.0 ppt. automatic correction using manual entry sample	
salinity	
Temperature (Metric) Operating: 5°C to 45°C (ambient)	
Temperature Selection: Automatic with ATC temperature probe	
Weight Metric: 0.9 kg	
Additional Requirements:	
• Certification from the manufacturer that the unit offered is brand new and not a	
discontinued model.	
• Demonstration to end users re operation and basic maintenance.	
Advanced maintenance tasks required shall be documented • User's manual in English language of the following :	
• Osor s manuar in English language of the following :	
- Operations Manual (1 hard copy and 1 soft copy)	
- Service Manual (1 hard copy and 1 soft copy)	
• Certification that the supplier will be responsible for the notification,	
transportation and, delivery to MMCHD/health facility and expenses for such	
will be on the account of the supplier.	
• Minimum of one (1) year Warranty Certificate for parts and craftsmanship	
upon delivery, inspection and acceptance duly issued by the Manufacturer &	
Bidder	
• Delivery period: 30-90 Calendar days	
With "DOH-MMCHD HFEP" (GOVERNMENT PROPERTY NOT FOR	
SALE) sticker in each unit

IB 2020 - 244	Procurement of 3 units of Supply Delivery Of Brand New Hepa Filter Machine for Valenzuela City Emergency Hospital (under 2020 Health Facility Enhancement Program)	
	 A certification that the unit being offered must be brand new and not a discontinued model. Delivery period: 30-60 Calendar days Certification to provide user's Manual/Catalogue in English Language. Operations Manual/Catalogue 2 copies Service Manual/Catalogue 2 copies Certification that the supplier will be responsible for the notification, transportation to site, delivery, installation and testing on the site (MMCHD / health facility) and expenses for such will be on the account of the supplier. Warranty Certificate: Minimum of one (1) year Warranty Certificate for parts and craftsmanship upon delivery, inspection and acceptance duly issued by the Manufacturer & Bidder. With "DOH-MMCHD HFEP" sticker in each unit 	
	Technical Specifications: • Brightness: Minimum of 5 lumens • Weight: 1.1lbs(0.7kg) • Dimensions: 11.6" x 4" x 1.7" • Power source: Fast swap lithium ion batteries or AC (outlet) • Imaging/focal distance: 12"(30cm), meets with AST -recommendation for safe distance from sterile field Additional Requirements:	Weight: Manufacturer standard Dimension: Manufacturer standard Power Source: built in battery Imaging/focal distance: 8" Rechargeable built in battery
IB 2020 - 243	sticker in each unit Procurement of 4 units of Portable Vein Finder for Valenzuela City Emergency Hospital (under 2020 Health Facility Enhancement Program) ABC: 1,000,000.00	
	 Warranty Certificate: Minimum of one (1) year Warranty Certificate for parts and craftsmanship upon delivery, inspection and acceptance duly issued by the Manufacturer & Bidder. With "DOH-MMCHD HFEP"(Government Property not for sale) 	
	 User's manual in English language Operations Manual 2 copies Service Manual 2 copies Certification that the supplier has the capability for corrective and preventive maintenance of the unit Certification from the manufacturer that the unit offered is brand new and not discontinued model 	
	 Additional Requirements: Current and Valid Certificate of Manufacturer's compliance with ISO and/or CE Certificate or its equivalent Delivery period: 30-60 Calendar days 	
	DTC 300 Features: Measuring Distance: 0.5cm-3cm high accuracy +/ -0.3 degree celsius Measurement Range: 0-60 degree celsius thermal Resolution: 384x288 visible Light Resolution: 2 megapixels delivery includes: dual camera, black body, tripods, computer and software warranty	
	ABC: 660,000.00 Technical Specifications: Dual Vision Human Body Temperature Measurement Camera-Model	
IB 2020 - 242	Procurement of 1 unit Thermal Scanner for Valenzuela City Emergency Hospital (under 2020 Health Facility Enhancement Program)	
	 Warranty Certificate: Minimum of one (1) year Warranty Certificate for parts and craftsmanship upon delivery, inspection and acceptance duly issued by the Manufacturer & Bidder. With "DOH-MMCHD HFEP"(Government Property not for sale) sticker in each unit 	
	• Certification from the manufacturer that the unit offered is brand new and not discontinued model	

T		
	echnical Specifications:	
	With elegant and low noise design, Tri Filter HEPA Equipped, Dual	
	unction as Negative Air Pressure and Purifier Machine for indoor edical isolation chamber;	
	Meets the high standard of CDC and KCDC (Korean Center of isease Control and Prevention); maintaining negative pressure in	
	pospital room which can accommodate 1~6 patients/persons (max. 67m ²	
	ith 2.5m height);	
	With high-performance BLDC motor, Operators can control level of	
	output from 0 to 100 freely depending on their situations;	
	It can be used as an Air Purifier but switched to a Negative Air	
	fachine in case of Emergency;	
	UV LED is installed at the bottom of the main body, sterilize air and	
	ters and can be used as semi-permanent for more than 10 years;	
	Powder coating steel plate protect internal machine from unintended	
	ocks and severs torsion;	
7.	When using Air Purifier, it can measure the CO2, VOCs, Fine dust,	
	emperature and Humidity and automatically operate;	
	By applying double filter damage prevention mechanism, ARDC 2502	
	odel secures filter against unexpected behavior from operators;	
	High-rigidity toggle clamping filter for easy filter replacement and	
	evention of leakage	
10). Maintain negative pressure up to 67m ² based on 2.5Pa and 12ACH	
11	. Air Purifier mode can be used up to 224.4 m ² .	
	2. Life span of Filter is 1 year.	
	B. Safety Features:	
• E	Built in Circuit Breaker	
• E	Emergency Break-in Button Switch	
	4. With Built-in Air Particle Counter or Air Particle Sensor Meter	
	echnical Specifications	
	ain Unit:	
	Supply Voltage: AC110V~230V, 50/60Hz, 750W;	
	Frame Material : Powder Coating Steel Plate	
	Air Volume (Fan): Max. 70CMM (m^3/min) $= 2,472CFM$;	
	Air Volume (with Filter): Max. 33.5CMM (m^3/min) = 1,183CFM;	
	Size: 672*579*1314(mm);	
	Weight: 129 kg;	
	Operation Mode:0~100 / Digital air volume control;	
	Iter (5 Stages of Filtration):	
	Pre Filter: 56CMM, 15mmH2O; UV LED	
). Medium Filter: 29CMM, 15H2O (≥85%);	
	. HEPA Filter: 26CMM, 29.7mm H2O (≥99.99%, 0.3μm) 2. Carbon Filter	
	ree Items:	
	pc Ventilation Hose	
	dditional set of Filters (1 set)	
A	dutional set of Filters (1 set)	
Δ.	dditional Requirements:	
	Delivery period: 30-45 Calendar days	
	Demonstration : The supplier shall provide an orientation/ demo on the	
	oper use and maintenance of the equipment to the end-users.	
	Current and Valid Certificate of Manufacturer's compliance with ISO	
	d/or CE Certificate.	
	Certification to provide user's Manual in English Language.	
	- Operations Manual 2 copies (for enduser & supply section)	
	- Service Manual 2 copies (for enduser & supply section)	
• (Certification that the supplier has a capability for corrective and	
	eventive maintenance of the unit.	
	Certification that the supplier will be responsible for the notification,	
	ansportation to site, delivery, installation and testing on the site	
	ospital / health facility) and expenses for such will be on the account of	
	e supplier.	
	arranty Certificate:	
W	arranty certificate for One (1) year on parts and services.	
	he supplier shall either repair or replace any item or part in the	
-	uipment that is found to be defective in material or in workmanship	
	nder normal use. The warranty period shall commence from the date of	
	ceptance by the end-user after testing and commissioning.

ID 2020	Dus sument for Maliael Equinment/Supelies Declars for Las Diñas	
IB 2020	Procurement for Medical Equipment/Supplies Package for Las Piñas	
- 245	City RHUs (under 2020 Health Facility Enhancement Program) (Lot	
	Bidding)	
	ABC: 991,500.00	
	Item 1: 1 unit Dental Unit, Motorized With Accessories	
	ABC: 180,000.00	
	Technical Specifications:	
	- Fully motorized with pre-set functions	
	- Touch control chair	
	- Slim ergonomic design upholstery	
	- LED light with sensor switch	
	- Double side armrest	
	- Colored glass/ ceramic bowl, rotating detachable cuspidor bowl (with	
	plastic strainer)	
	- Two (2) pcs. 3 way syringe	
	- Three (3) pcs handpiece attachments (2 hi-speed adaptors & 1 low-	
	speed adaptor)	
	- Auto-cup-filler & bowl flush (water flushing control valve, cup-filler	
	with control valve)	
	- Saliva ejector-built-in motor pump type, does not use air or water	
	- Clean water system	
	- LED X-ray film viewer (Peri-apical X-ray viewer)	
	- Multi-functional foot control	
	- Water tank for distilled water for handpiece	
	- Two (2) hi-speed handpiece	
	- One (1) low-speed complete with streight handpiece & Contra-angle	
	- LED light cure unit (external)	
	- Tissue box with tray and cup dispenser	
	- Silent type and oil-free dental air compressor	
	- Saddle-type and backrest dentist stool	
	Standard Requirements:	
	• A certification that the unit being offered must be brand new and not a	
	discontinued model.	
	• Delivery period: 30-60 Calendar days	
	• Certification to provide user's manual/catalogue in English language	
	- Operations Manual/Catalogue 2 copies	
	- Service Manual/Catalogue 2 copies	
	* Certification that the supplier has the capability for corrective and	
	preventive maintenance of the unit.	
	* Certification that the supplier will be responsible for the notification,	
	transportation and, delivery to MMCHD/health facility and expenses for	
	such will be on the account of the supplier.	
	*Current and Valid Certificate of Manufacturer's compliance with ISO	
	and/or CE Certificate.	
	*Training program/ Demonstration for end-user/Hospital maintenance	
	engineer/staff on equipment operation.	
	Warranty Certificate:	
	• Minimum of one (1) year Warranty Certificate for parts and	
	craftsmanship upon delivery, inspection and acceptance duly issued by	
	the Manufacturer & Bidder.	
	With "DOH-MMCHD HFEP" (GOVERNMENT PROPERTY NOT	
	FOR SALE) sticker in each unit	
	Item 2: 1 unit Dental Instrument Set	
	ABC: 45,000.00	
	Technical Specifications:	
	One SET must contain ALL of the following instruments:	
	Each instrument must be packed individually & labeled by the	
	manufacturer.	
	Dental Surgery Set: • Extraction Econom #16 With arose correction	
	• Extraction Forcep #16 With cross servation	
	• Extraction Forcep #17 With cross servation	
	• Extraction Forcep #18L With cross servation	
	• Extraction Forcep #18R With cross servation	
	• Extraction Forcep #44 With cross servation	
	• Extraction Forcep #69 With cross serration	

• Extraction Forcep #150 With cross serration	
• Extraction Forcep #151 With cross serration	
Aspirating Syringe Stainless Steel	
Minnesota Retractor Stainless Steel	
Bone File Stainless Steel	
• Bone Curette	
• Non-magnetic Hollow handle	
• Gum Separator	
• Non-magnetic Hollow handle	
Seldin stainless steel	
 Root Tip Pick STR, Non-magnetic Hollow handle 	
 Root Tip Pick Left, Non-magnetic Hollow handle 	
 Root Tip Pick Right, Non-magnetic Hollow handle 	
Blade Handle #3 Stainless Steel	
• Elevator #301, Non-magnetic Hollow handle	
• Elevator #304	
• Non-magnetic Hollow handle	
Surgical Mallet Stainless Steel	
• Iris Straight Stainless Steel	
• Iris Curved Stainless Steel	
Adson Tissue Forcep Stainless Steel Hamagtat Magguita forcep Stainless Steel	
Hemostat Mosquito forcep Stainless Steel Deviational Elements Steinless Steel	
Perisoteal Elevator Stainless Steel	
Bone Ronguer Stainless Steel Allia Tianua Stainless Steel	
Allis Tissue Stainless Steel Needle Helder Stainless Steel	
Needle Holder Stainless Steel Anical Elevator Pight, Non magnetic Hollow handle	
Apical Elevator Right, Non-magnetic Hollow handle Apical Elevator Left, Non-magnetic Hollow handle	
• Apical Elevator Left, Non-magnetic Hollow handle	
 Cryer (east), Non-magnetic Hollow handle Cryer (west), Non-magnetic Hollow handle 	
Pedo forcep 150SK Stainless Steel	
Pedo forcep 1505K Stainless Steel	
Pedo forcep 175K Stainless Steel	
Pedo forcep 16SK, Stainless Steel	
Pedo forcep 18R Stainless Steel	
Pedo forcep 18L Stainless Steel	
• Instrument Cassette for sterilization Large; with locking mechanism	
Periodontal Instruments	
• Universal Scaler Non-magnetic Hollow handle	
• Perio Currette Non-magnetic Hollow handle	
• Periodontal Probe Non-magnetic Hollow handle	
• Gracey Currette set of 6 different tips Non-magnetic Hollow handle	
• Woodson Non-magnetic Hollow Handle	
• Ash Stainless steel	
Cement Spatula Stailess Steel	
Articulating Paper Forceps (Miller) Straight Stainless Steel	
• Explorer Non-magnetic Hollow Handle	
• Mouth Mirror with Handle (No. 4)	
Cotton Plier with lock Stainless Steel	
Ball Burnisher with lock Stainless Steel	
 Matrix band Holder (Tofflemire) Stainless Steel 	
Spoon Excavator Stainless Steel	
Anatomic Burnisher Stainless Steel	
Standard Requirements:	
• A certification that the unit being offered must be brand new and not a	
discontinued model.	
• Current and Valid Certificate of Manufacturer's compliance with ISO	
&/or CE Certificate or its equivalent.	
User's Manual/Brochure in English Language	
Certification that the supplier will be responsible for the notification,	
transportation to site, delivery, installation and testing on the site	
(hospital / health facility) and expenses for such will be on the account of	
the supplier.	
• Delivery period: 30-60 Calendar days	
Warranty Certificate:	
• Minimum of one (1) year Warranty Certificate for parts and	
craftsmanship upon delivery, inspection and acceptance duly issued by	
the Manufacturer & Bidder	
With "DOH-MMCHD HFEP" (GOVERNMENT PROPERTY NOT	
FOR SALE) sticker	

Item 3: 3 units of Examining Table	
ABC: 66,000.00	
Standard Features:	
Examination and Treatment table	
Hamilton type with drawer and compartment door	
Upholstered three section top, provided with stirrup	
and sliding foot stool	
Table Top Dimension (Manufacturer's Standard Size):Standard Size	
Standard Requirements:	
•	
• Current and Valid Certificate of Manufacturer's compliance with ISO	
and/or CE Certificate	
Users Manual in English Language

	the manufacturer & bidder. With "DOH-MMCHD HFEP" sticker in each unit	
	TTIME DOTE-THAT OUD IT DE SUCREE III CACH UIHL	
IB 2020	Procurement of 17 units of 5-IN-1 ENVIRONMENTAL METER	
- 249	(Short of Award) (For implementation of 2019 Health Facility Enhancement Program	
	(Additional Listing under SAA No. 2019 10-1914 as per	
	Environmental and Occupational Health Request)	
	ABC: 288,641.64	
	Technical Specifications:	
	- The extech Hygro thermo Anemometer Light sound meter measures humidity, temperature, air velocity, light and sound	
	- Type K input measures temperature up to 2372° (1300°C)	
	- Built-in low friction vane wheel	
	- Utilizes precision photo diode and correction filter	
	Additional Requirements:	
	Current and Valid Certificate of Manufacturer's compliance with ISO	

 and/or CE Certification of the equivalent of equivalent of			
How the series in the set of the series		and/or CE Certificate or its equivalent

ABC: 11,200,000.00	
 > Easy installation and factory-calibrated optics > Minimize sample and reagent use — up to 5-target multiplexing 	
with sample volumes as low as 10μ l	
 > Optimize reactions in a single run — thermal gradient feature > Analyze data faster — visualize all run data at once and export 	
only the data you need in the format you want	
Specification:	
Thermal Cycle	
Maximum ramp rate: 5°C/sec or more (saves time dramtically) Average ramp rate: 3.3°C/sec	
Heating and Cooling Method Peltier	
Lid Heats upto 105°C	
Temperature	
Range: 0-100°C Accuracy: ±0.2°C of programmed target at 90°C	
Uniformity: $\pm 0.4^{\circ}$ C well-to-well within 10 sec of arrival at 90°C	
Gradient	
Operational Range: 30-100°C	
Programmable span: 1-24°C	
Optical Detection Excitation: 6 filtered LEDs	
Detection: 6 filtered photodiodes	
Range of Excitation/ Emission wavelengths: 450-730 mm	
Sensitivity: Detects 1 copy of target sequence in human genomic DNA	
Dynamic Range: 10 orders of magnitude Scan Time	
All Channels: 12 sec	
Single Channel fast scan: 3 sec	
System	
Sample Capacity: 96 wells Sample Size: 1-50 uL (10-25 ul recommended)	
Communications: USB 2.0	
Electrical Approvals: IEC, CE	
Dimensions (WxDxH): 33x46x36 cm (13 x 18 x14")	
Weight: 21 kg (14lb) Operating System: Windows 7 (64-bit), Windows 10 (64 bit),	
macOS Mojave 10.14 (for analysis only) Memory: Minimum 4GB	
Documentary Requirements:	
• Product brochure or technical data sheet(s) of the equipment showing the technical specifications in English language	
• Current and Valid Certificate of Manufacturer's compliance with ISO	
and/or CE Certificate or its equivalentProof (such as sales invoice) that the Brand of the equipment has been	
sold to other health facilities in the Philippines	
• That the equipment and its accessories are brand new, unused, not discontinued models and were not subjected to any product recall.	
Requirements if awarded the contract: Completion Period: The delivery, installation, testing and	
commissioning of the equipment and its accessories, including the	
training of the end-users and maintenance staff must be completed within	
30 Calendar Days upon receipt of the Notice to Proceed. Testing: Prior to acceptance, the end-user shall conduct a physical	
inspection and functionality test. Each equipment must be functioning	
and must have no physical damage and defect. Training: The supplier shall provide a training on the proper use and	
maintenance of the equipment to the end-users and to the hospital	
maintenance staff.	
Warranty: Warranty Certificate for two (2) years on parts and on	
Warranty: Warranty Certificate for two (2) years on parts and on services. The supplier shall either repair or replace any item	
services. The supplier shall either repair or replace any item or part in the equipment that is found to be defective in material 'or in	
services. The supplier shall either repair or replace any item	

Notarized Undertaking that the supplier shall conduct the necessary corrective maintenance within five (5) calendar days upon notification of equipment breakdown from the end-user. Alternatively, it can be easily switched or calibrated to 37°C for total Coliform count. 	
 testing, pH, Chlorine and Turbidity measuring on-site in the lab or in the field at the source, is integrated in a carry case and composed as follows. Microbiological Paramaters Portable single compartment incubator for analysis of Faecal Coliforms at 44°C(± 0.5°C). Alternatively, it can be easily switched or calibrated to 37°C for total Coliform count. 	
 field at the source, is integrated in a carry case and composed as follows. Microbiological Paramaters Portable single compartment incubator for analysis of Faecal Coliforms at 44°C(± 0.5°C). Alternatively, it can be easily switched or calibrated to 37°C for total Coliform count. 	
Microbiological Paramaters - Portable single compartment incubator for analysis of Faecal Coliforms at $44^{\circ}C(\pm 0.5^{\circ}C)$. Alternatively, it can be easily switched or calibrated to $37^{\circ}C$ for total Coliform count.	
- Portable single compartment incubator for analysis of Faecal Coliforms at $44^{\circ}C(\pm 0.5^{\circ}C)$. Alternatively, it can be easily switched or calibrated to $37^{\circ}C$ for total Coliform count.	
- Portable single compartment incubator for analysis of Faecal Coliforms at $44^{\circ}C(\pm 0.5^{\circ}C)$. Alternatively, it can be easily switched or calibrated to $37^{\circ}C$ for total Coliform count.	
- Portable single compartment incubator for analysis of Faecal Coliforms at $44^{\circ}C(\pm 0.5^{\circ}C)$. Alternatively, it can be easily switched or calibrated to $37^{\circ}C$ for total Coliform count.	
at 44°C(\pm 0.5°C). Alternatively, it can be easily switched or calibrated to 37°C for total Coliform count.	
37°C for total Coliform count.	
- The incubator compartment can accommodate approximately between	
16 and 25 slim fit aluminum petri dishes (minimum 16), supplied with a	
total of around 50 re-useable aluminum petri dishes which are as standard	
in Petri Dish Racks or equivalent for easy compartment loading.	
- The temperature are displayed on a LCD with an indication for low	
battery. The incubator has a timer facility that logs the incubation period	
in case of power failure	
- The incubator can be run from internal rechargeable battery, 110/220V	
mains or 12 V DC supply such as vehicle battery/ Dash-board Cigarette	
lighter. The battery may be separate from the incubator for easy	
replacement, but to be stored inside the carrying case.	
- If the mains supply fails the internal battery automatically switches on.	
Supplied with all necessary electrical leads and crocodile dips etc.	
- The battery shall allow for minimum 5 incubation cycles and be fully	
rechargeable within one day	
- The incubator kits includes a membrane filtration unit using 0.45um	
pore size membrane filter (as apporiate complete with Collection Flask,	
Sampling Cup, and Land Line plus Bronze Discs, Gaskets and O-Rings,	
as well as a Vacuum Pump preferably with pistol grip, etc), a set of	
accessories for the proper handling of the tests such as pad	
dispenser, tweezers, dropping pippettes, plastic bottles, hand lens,	
lighter,pen,screw driver,lubrication grease, a spirit thermometer (-10 to	
$+50^{\circ}$ C x 0.5°C) and an Incubator calibration kit, including calibration	
dishes	
-Sterilisation is possible with methanol (methanol not included)	
- The incubator is supplied with sufficient membranes, pads and media to	
carry out 200 tests.	
- Physio-chemical Parameters:	
- The portable kit also includes following testing equipment	
TURBIDITY	
- Turbidity measurement tube (2 or 3 parts) range minimum 5-1000	
NTU. Simple to use graduated plastic tube for measuring turbidity of	
water, High grade for prolonged use.	
ÇHLORINE AND PH	
- Visual comparator of simple pool-tester/block type of testing PH, Free	
and Total, Chlorine, in drinking water.	
CONDUCTIVITY AND PH	
- Digital, Conductivity/ TDS(Total Dissolved Solids) Meter with	

а	utomatic temperature compensation (ATC) and internal calibration
	Range (0 to 9990 uS/cm minimum).Resolution 0.1, 1 uS/cm or
	Equivalent. Accuracy $\pm 1\%$ full scale or better
	Operating temperature (0 to 50°C minimum)
	The conductivity meter may be supplied as a combined multi parameter
	nstrument, including pH measuring, as (EC/pH/mV/°C)Meter, buffer
	alibrated (ph 4,7 and 10), with ATC. Range (ph 0 to 14 minimum).
A	Accuracy ±0.1 pH unit. Supplied with a pH /Temperature probe.
(CONSUMABLES AND REAGENTS INCLUDED WITH THE KIT
-	The incubator is supplied with consumables for at least 200
	nicrobiological tests (Gridded Membrane filters and growth pads, Pad
	lispenser and culture medium 38.1g Membrane Lauryl Sulphate broth
	ube)
	The Block/Pool Comparator is supplied with DPD No 1, DPD No 3 and
	Phenol Red tablets
	The Digital meter is supplied with relevant electrodes/sensors, buffer
	nd calibration solutions/standards, etc, as appropriate
	All comes complete with full Operating Instruction and Water quality
r	eport sheets within the kit. Language will be in English and as
	ppropiate for the receiving country
	XIT PACKAGING
	All above laboratory components are housed in a protective, robust,
	igid, durable, lightweight, hinged and lockable Polypropylene (or
	equivalent sturdy e.g Aluminum material)Carrying Case with handle.
	The case shall be conceived with water proof materials and to be
	vater proof when positioned normally on a wet ground
	ACCESSORIES/SPARE PARTS/CONSUMABLES
	If required, the following items should be ordered separately:
A	Additional consumables for future use
V	VEIGHT/VOLUME/DIMENSIONS
	Estimated weight:12 kg
	Estimated volume: 61.2 CDM
	NSTRUCTION FOR USE
	The following items which are not included in the package must be
	provided to start the microbiological tests:
	Pressure Cooker or portable sterilizer or access to an autoclave(e.g in a
n	earby hospital or laboratory)
-	Methanol (at least 1-2ml per test)
-	Distilled Water
	Measuring cylinder or beaker
	Additional Requirements:
	Current and Valid Certificate of Manufacturer's compliance with ISO
	ind/or CE Certificate or its equivalent
	1
	Delivery period: 30-90 Calendar days
•	User's manual in English language
	- Operations Manual 2 copies
	- Service Manual 2 copies
'•	• Certification that the supplier has the capability for corrective and
	preventive maintenance of the unit
	Certification that the supplier has the capability for corrective and
	preventive maintenance of the unit
	Certification from the manufacturer that the unit offered is brand new
	and not discontinued model
	Demonstration to at least two (2) end-users
	Warranty Certificate:
	Minimum of two (2) years Warranty Certificate for parts and
	raftsmanship upon delivery, inspection and acceptance duly issued by
	he Manufacturer & Bidder.
V	With "DOH-MMCHD HFEP"(Government Property not for sale)
s	ticker in each unit

	1 Mahiala Tanan Easan and a sama an and an
	1. Vehicle Type: Four-wheel passenger van with 4 doors (2 at the front for the
	river and passenger, one sliding door or barn door at the right side and tailgate
0	river and passenger, one sliding door or barn door at the right side and tailgate or barn door at the rear)
0	briver and passenger, one sliding door or barn door at the right side and tailgate or barn door at the rear) 2. Wheelbase: At least 2800mm
0	 Iriver and passenger, one sliding door or barn door at the right side and tailgate or barn door at the rear) Wheelbase: At least 2800mm Drive type: Rear wheel drive
C	 ariver and passenger, one sliding door or barn door at the right side and tailgate barn door at the rear) 2. Wheelbase: At least 2800mm 3. Drive type: Rear wheel drive 4. Engine size / displacement: 2.5 to 3.0 liters
	 Iriver and passenger, one sliding door or barn door at the right side and tailgate or barn door at the rear) Wheelbase: At least 2800mm Drive type: Rear wheel drive

	6. Alternator and battery: The capacity of the alternator and battery	
	must be sufficient to supply the additional load demands of all medical	
eq	uipment. The amperage capacity of the alternator must be at least 110 amperes.	
<u> </u>	7. Fuel-injector System: Direct injection	
	8. Emission Compliance: Euro 4	
	9. Fuel Type: Diesel	
	10. Fuel Tank Capacity: At least 65 liters	
	11. Transmission: Manual with at least five (5) speed + one (1) reverse	
	12. Steering: Left Hand drive with power steering system	
	13. Brakes: Ventilated disk on the front and ventilated disk or drum type on the	
	ar. With Anti-lock braking system. With parking brake	
	14. Front suspensions: McPherson Strut or Double Wishbone or Torsion Bar	
wi	ith stabilizer	
	15. Rear Suspensions: Rigid axle with leaf spring and double acting shock	
	sorbers	
	16. Wheels: At least 15 inch, aluminium mag wheels or steel wheels with full	
	-	
	ver 17. Tiras: Badial tura and atlasst 105mm tira width	
	17. Tires: Radial type and atleast 195mm tire width	
	18. Standard vehicle lamps: Head lamps, tail lamps, stop lamps, signal lamps,	
	cense plate lamps, fog lamps and step lamps	
	19. Vehicle body color: White	
	20. Floor Material: Metal with anti-static floor matting. Each entry point of the	
pa	tient compartment must be fitted with diamond tread plate flooring.	
	21. Standard dashboard instrumentations: Speedometer, odometer, fuel gauge,	
	gital clock, warning lamps for low oil pressure, cooling water level,	
	verheating, low battery charge, indicator lamps for parking brake and head light	
	gh-beam, engine check, door open.	
	22. Dashboard Camera: Resolution of atleast 1920x1080@30fps angle of view	
	least 120 degrees diagonal, at least 2 inch LED display, minimum storage	
ca	pacity 64Gb, with loop recording, automatic on/off and night vision recording	
	low light. The camera must be permanently installed on the dashboard or	
	indshield. The power supply must be from the vehicle battery.	
	23. Standard driver's cabin accessories: AM/FM radio with speakers, USB	
	nnector, front personal lamp for driver and passenger, rear view mirror, sun	
	sor and assist grips for the driver and passenger.	
	24. Vehicle Glass Windows: The vehicle glass windows (except the	
	indshield) must be installed with medium shade (35% Visible Light	
Tra	cansmitted) glass tint.	
	25. Windshield Wipers: with at least two (2) speed intermittent with washer	
	26. Air conditioning System: Dual type; at the driver's cabin and at the patient	
	mpartment with independent controls.	
	27. Seat Belts: 3 point Emergency Locking Retractor (ELR) seatbelts for the	
	iver and front passenger.	
	28. Airbags: Supplemental Restraint System (SRS) airbags for the driver and	
	r the front passenger.	
	29. Driver and passenger side mirrors: Standard convex type, manual or power	
	justment.	
	30. Vehicle Interior Trim: Moulded trim. The ceiling must be provided with	
ins	sulation.	
	31. Stainless steel plate on the rear bumper to protect the bumper when the	
	mbulance Stretcher is being loaded to the Ambulance.	
	32. Set of Tools: Hydraulic Jack, tire wrench, flat and Philips screw drivers, set	
	pliers, adjustable wrench, early warning device and spare wheel tire.	
	Emergency Lights, Sirens and Public Address System	
	1. Emergency lights: Roof mounted light bar with red and green flashing LED	
	ghts. The Length of the light bar must be the same as the width of the vehicle	
roo		
	2. Electric Siren and Public Address System: Standard ambulance siren tones	
	orn, manual, wail, yelp, phaser, HiLo/Two tone) and with at least two 100	
	atts amplifier and siren speakers. With rotary switch and With rotary switch and	
VV C	omentary push-button override control. Public Address override with attached	
	icrophone and volume control knob.	
mo	terophone and volume control kilou.

2. Compartment interior width: at least 1500mm	
3. Partition between the driver and patient compartment: Air tight bulkhead	
made of non-porous material with transparent and shatter-proof sliding window	
atleast 35cm x 30cm.	
4. Storage cabinet for medicines, instruments and medical equipment.	
a.) Built-in cabinet made of white painted aluminium panels or other	
lightweight, equivalent strength material such as fiberglass, composites and	
fiberglass reinforced plastics. The cabinet must be mounted on the upper left side	
of the patient compartment and must be at least 200 cm but must not be more	
than 210 cm in length. The cabinet must be firmly anchored (bolted or welded) to	
tapping plates of the body structure.	
b.) The cabinet must have transparent and shatter-proof sliding doors with low	
profile handles. The sliding doors must be easily opened but must not open	
during transit. The sliding doors must be fitted with automatic latch or friction	
holding device.	
c.) The cabinet must have at least 4 shelves with at least one shelf designed to	
fit and carry heavy medical equipment such as the defibrillator and nebulizer. The	
shelves must have a depth at least 30cm but must not be more than 50 cm.	
5. Compartment for the folding stretcher and scoop stretcher: Installed below	
the storage cabinet, made of white painted aluminium panels or other lightweight,	
equivalent strength material such as fiberglass, composites and fiberglass	
reinforced plastics. The compartment must be at least 200 cm but must not be	
more than 210 cm in length. The cabinet must be firmly anchored (bolted or	
welded) to tapping plates of the body structure.	
6. Bench for Medical Personnel: The ambulance must be fitted with 3-seater	
bench permanently mounted on the ambulance floor; one on the head side of the	
patient and one on the right side of the patient compartment. The bench (seat and	
backrest) must be made of sturdy aluminium frame and panels coated with white	
color paint or other lightweight, equivalent strength material such as fiberglass	
reinforced plastics or plastic laminated. The seat and	
backrest must be fitted with mattress made of polyurethane foam covered with a	
washable leatherette material. The construction of the bench must be in such a	
way that the underneath can be used as a compartment. The bench must have a 2	
point seatbelt for each person.	
7. Overhead Lighting: At least 2 LED white lights with low light option	
8. Grab rail: Aluminum or stainless steel grab rail atleast 120 cm long, 10 cm	
depth (maximum) installed on the ceiling right above the patient / ambulance	
stretcher.	
9. 220V AC Supply: The patient compartment must be installed with an	
electronic inverter with a capacity of atleast 2KVA and an output voltage of	
220V, 60Hz. Atleast five (5) convenience outlets must be installed at the different	
points on the compartment to supply power to the medical equipment.	
10. Intercom System: Intra-vehicle intercom system must be fitted to serve as	
voice communication between the driver and personnel in the patient	
· ·	
compartment.	
V. Communication Equipment	
Two (2) pieces cellular phones (one for the ambulance and one for the	
hospital/base). The cellular phones must be 4G Network, with Internal Memory	
of at least 64 GB 4G RAM smartphones. The phones must be provided with sim	
cards, battery charger.	
VI. Medical Equipment and Instruments	
1. Ambulance Stretcher	
a. Length: 180 – 197 cm	
b. Width: 48 – 55 cm	
c. Loading height should match the vehicle floor height	
d. Loading capacity: at least 175kg	
e. Materials: Stainless steel, high grade aluminium alloy

	i. Spare Ear tip – 2pcs. each for pediatric and adult
	ii. Spare Diaphragm and ring – 1pc. Each for pediatric and adult
	g. Non-removable DOH logo and the words "For Ambulance use only" must
	be marked on the visible part of the container box.
	10. Non-contact Thermometer
	a. Measuring scale: Degree Celsius
	b. LCD or LED display with at least three (3) digit measurement display
	c. Components must have no glass and mercury materials
	d. Measurement range: 34°C to 42°C or wider range.
	e. Beep sound upon measurement
	f. Switch off automatically when not in use.
	g. Battery operated.
	h. With low battery indicator
	i. Non-removable DOH logo and the words "For Ambulance use
	only" must be marked on the visible part of the equipment
	11. Blood-Glucose meter with strip
	a. Display: LCD or LED digital display
	b. Displayed parameters
	i. Blood glucose level in mg/ dl or mmol/l
	ii. Date and time of test
	c. Blood sample size: $0.3 - 0.7$ ul
	d. Average test time: less than 10 seconds
	e. Measurement range: 20 – 600 mg/ dl or mmol/l
	f. Memory capacity: at least 50 measurements
	g. Battery life: at least 1,000 measurements
	h. Accessories:
	i. Lancing device
	ii. At least 50 lancets
	iii. At least 50 test strips
	iv. Carrying case
	i. Non-removable DOH logo and the words "For Ambulance
	use only" must be marked on the visible part of the equipment
	12. Manual resuscitators for adult, pediatric and infant
	a. Made of 100% silicon with visible marking in the bag as autoclavable
	b. With pressure relief valve
	c. Capacity:
	i. Within 1500 to 1700ml for adult
	ii. Within 500 to 750 ml for pedia
	iii. Within 250 to 370 for infant
	d. Accessories
	iii. reservoir bag and oxygen tubing
	e. The resuscitators and accessories must be placed/stored in a hard plastic
	container
	f. Non-removable DOH logo and the words "For Ambulance use only" must
	be marked on the visible part of the equipment or container
	13. Oxygen cylinder with oxygen therapy set
	a. At least 20 pounds capacity
	b. Must be color green
	c. Oxygen therapy set
	i. Gauge reading: 1,800 psi or higher
	ii. Flowmeter: 0 to 15 li/min
	iii. Humidifier bottle: Hard plastic, capacity: 200ml to 300ml
	iv. Accessories: mouth piece, tubing, open wrench for Installing the
	therapy set to the cylinder
	d. The cylinder must be placed in a holder mounted on the head side of the
	patient
	e. Non-removable DOH logo and the word "For Ambulance use only" must
	be marked on the visible part of the equipment
	14. Laryngoscopes set
	a. Fiber optic LED light source
	b. Stainless steel blades, sizes
	i. Curved, sizes: infant, child, adult,
	ii. Straight, sizes: infant, child, adult
	c. Stainless steel handle
	d. The device must be autoclavable
	e. Battery operated
	f. Non-removable DOH logo and the words "For Ambulance use only" must
	be marked on the visible part of the container box.
	15. Immobilization Device
	a. Rigid Cervical collars at least 2 pieces for each size – small, medium and
ĺ	large
ĺ	b. Firm Padding or commercial head immobilization device one (1) piece
ĺ	adult size and one (1) piece child size.
	c. Lower extremity (femur) traction devices (at least 2 pieces each)
1	i. Limb-support slings
ļ	1. Lino-support sings
	ii Paddad ankle hitch
	ii. Padded ankle hitch iii.Padded pelvic support

Page **146** of **151**

iv. Traction strap (adult & child size)	
d. Upper and Lower extremity immobilization devices	
i. At least 2 pieces – Joint-above and joint-below fracture (Sizes	
appropriate for Adults and Children)	
ii. At least 2 pieces each – Rigid- support constructed with appropriate	
material (cardboard, metal, pneumatic, vacuum, wood or plastic) – various size	
e. At least 2 pieces – Resistant straps or cravats	
16. Delivery set	
All instruments must be surgical grade stainless material with ± 0.4 inch measurement tolerance	
a. 1 pc. Sponge Holding Forceps, Rampley 9.5"	
b. 1 pc. Kidney Dish 10	
c. 1 pc. Bowl 200mm	
d. 1 pc. Umbilical Scissors, American, Straight 4.5"	
e. 1 pc. Needle Holder Mayo Hegar Straight 6.5"	
f. 1 pc. Episiotomy Scissors 14.5 cm

the visible part of the equipment.	
1. Fire extinguisher (rating 2A 10BC) five (5) pounds, with holder mounted on	
the ambulance floor.	
2. Heavy duty LED flashlight with at least 1,000 lumens of brightness with	
extra batteries.	
3. IV holder (mounted on the ambulance wall head side of the patient).	
4. Digital clock with at least 4 inch display mounted on the ambulance wall.	
5. Air purifier with multi-stage air filter (Pre-filter, HEPA, Carbon) and with	
UV light. The size of air purifier must be appropriate for the ambulance.	
6. Garbage container at least 3 liter capacity and made of fiberglass reinforced	
plastic or Acrylonitrile Butadiene Styrene (ABS) plastic material and with lid	
cover. The container must be properly labelled and must be mounted on the	
ambulance floor.	
7. Sharps container with sliding lid at least 1 liter capacity, made of fiberglass	
reinforced plastic or ABS Plastic Material. The container must be mounted on	
the ambulance wall.	
the ambulance wan.	
VIII. OTHER REQUIREMENTS TO BE SUBMITTED DURING THE BID	
OPENING	
1. Product brochure (s) or technical data sheet (s) in Hard and Soft copies	
showing the technical specifications of the following in English language:	
a. Ambulance Vehicle	
b. Emergency lights, siren and public address	
c. Ambulance stretcher	
d. Automatic external defibrillator	
e. Nebulizer	
f. Examining light	
g. Aneroid sphygmomanometer	
h. Folding stretcher	
i. Scoop stretcher	
j. Heavy duty stethoscopes	
k. Non-contact thermometer	
1. Blood glucose meter	
m. Manual resuscitators	
n. Suction machine	
o. Oxygen therapy set	
p. Laryngoscopes set	
q. Delivery set	
r. Air purifier	
2. Valid Marketing Authorization, Registration Approval or Free Sale	
Certificate for the Automated External Defibrillator issued by the health authority	
in the country of origin.	
3. Valid Certificate of Distributorship (as first Tier Distributor) issued by the	
foreign manufacturer or local distributor of the medical equipment and	
instruments authorizing the bidder to sell/distribute their products."	
4. Notarized Certificate from the bidder:	
a. That the brands of the medical equipment and instruments have been in	
the local and/or international market for at least five (5) years.	
b. That medical equipment and instruments are brand new, unused, not	
discontinued models are were not subjected to any product recall.	
5. Bidder's valid and current License to operate (LTO) as a medical device	

	r issued by the Philippine Food and Drug Administration.	
	nd Current Certification of Product Registration (CPR) for the	
	ter, lancets in the blood-glucose meter and manual resuscitator issued	
	lippine Food and Drug Administration (PFDA).	
Ambulanc	rized Certificate from the manufacturer or local dealer of the	
	at the manufacturer has been manufacturing vehicles with diesel	
	or the past twenty five (25) years.

General instructions:

- 1. Supplier/s who opted to avail of the bidding documents but did not attend the Pre-Bidding Conference is/are not exempted from the terms and conditions stipulated in the bid bulletin;
- 2. Philippine Standard Time (PST) is the basis of time for the conduct of Public Bidding, for which the Biometrics located at Building I shall be used as reference for the PST; The BAC will not accept late submission of Bidding Documents.
- 3. Person/s not included in the Letter of Authority by the company will not be entertained including their bidding documents. Only two (2) representatives are allowed inside the bidding room.
- 4. <u>Place your bidding documents in an assigned envelope.</u> Observe and comply with the following: a) <u>properly labeled, b) with table of contents, c) properly arranged, with tabbing (marker) and d)</u> <u>fastened properly</u>. Unarranged and unfastened Bidding Documents will not be read. Bidders who submitted Unarranged and unfastened Bidding Documents will be disqualified to join the Public Bidding. Bidders must submit:

I. One (1) original

II. Two (2) duplicate copies

- 5. <u>Financial Proposal must be placed inside the <u>YELLOW ENVELOPE</u>. Non-compliance with this instruction will be rated "FAILED" by the BAC.</u>
- 6. Bidding Quotation must be in <u>WORDS AND IN FIGURES</u>. Non-compliance with this instruction will be a ground for disqualification from the Public Bidding;
- Only Xerox copy of official receipt will be placed inside the bidding envelope for <u>bid security of cash or</u> managers check; (DOH- NCRO – BTR)
- 8. The following Bidding Documents must be notarized (noncompliance with this instruction will be rated as "FAILED BID"):
 - A. Statement of all on going gov't and private contracts including contracts not yet started
 - B. Statement of Single Largest Contract (SLCC)
 - **C.** Letter of Authority
 - **D.** Omnibus Sworn Statement
 - **E.** Bid Securing Declaration
- 9. NFCC shall be accompanied by Comparative Financial Statement of CY 2019 and CY 2018.
- 10. GPPB Cir: No. 07-2017, 4.1.1 states that

"for all procurement projects advertised and/or posted after the effectivity of this Circular, bidders may still submit their Class A eligibility documents required to be uploaded and maintained current and updated registered in the PHILGEPS under Platinum category, their Certificate of Registration and Membership in lieu of their uploaded file of Class A documents, or a combination thereof., the Certificate of PHILGEPS Registration(Platinum Membership) shall remain as post qualification requirement to be submitted in accordance with Sec 34.2 of the 2016 Revised IRR of RA 9184

11. The declared Lowest Calculated and Responsive Bidder to whom the contract shall be awarded after due deliberation and resolution must receive the Contract within seven (7) calendar days from the approval thereof. Failure to comply shall be a ground for cancellation thereof.

12. Post Qualification Requirements:

- If Platinum Certificate is submitted during the Bid Opening, the following business licenses should indicate "certified true copy":
 - Mayors permit
 - SEC/DTI/CDA
 - Tax Clearance
 - 2019, 2018 Comparative FS and EFPS Files
 - Six months Tax Returns
- Copy of uploaded Document Request List (DRL). (Note: the name of your company must appear in the list)
- > Other related documents required by the Technical Working Group

13. Bidding Date: IB 2020 173 to 216: December 14, 2020 IB 2020 217 to 260: December 15, 2020

Time of bidding Docs submission: ON OR BEFORE 9:00 AM (closing time) Time of Opening of Bids: 10:00 AM

14.Bid Docs Fee: Please pay the corresponding Bid Docs Fee indicated in Bidding Documents For Items under short of Award Bidding Fee is Free.

IMPORTANT REMINDERS WHICH WILL FORM PART OF THE BID BULLETIN For the submission of bid documents for the Public Bidding:

- 1. Observe and comply with proper labelling and tabbing of documents
- 2. Include table of contents
- 3. <u>The remarks "COMPLY" should be indicated line by line (corresponding to each parameter of the specifications)</u> EXAMPLE:

tem	Specifications	Statement of Compliance
1	Procurement of 10,001 Boxes of Paracetamol 500 mg/tablet, 100s per box	COMPLY
	ABC: Php 500,050.00	COMPLY
	Upon delivery, the following must be complied:	COMPLY
	Shelf Life: Supplies must be fresh commercial stock with a total shelf life of not less than eighteen (18) months from the date of delivery.	COMPLY
	Packaging Instructions: Standard packaging of the manufacturer.	COMPLY
	Labelling Instructions:	COMPLY
	 Each bottle and box should indicate: Manufacturing Date: 	COMPLY
	Expiration Date:	COMPLY
	 Each bottle, box and carton should legibly imprinted/ stickered with: 	COMPLY
	"DOH-NCRO-Philippine Government Property Not For Sale"	COMPLY
	Area / Place of Delivery: Pasig Warehouse, <u>Caruncho</u> Ave. Pasig City	COMPLY

- 4. Use the standard format for Statement of Single Largest Completed Contract and On-Going Contract/s (e.g with name, signature, date)
- 5. Separate the Statement of Single Largest Completed Contract and Statement of On-Going Contract/s
- 6. Notarial date should not be earlier than the date of signing on bid documents required to be sworn (such as but not limited to Statement of Single Largest Completed Contract and Statement of On-Going Contract/s, etc)
- 7. The Bidder must submit a computation of its <u>Net Financial Contracting Capacity (NFCC) which must</u> <u>be at least equal to the ABC to be bid</u>, calculated as follows:

 $\frac{\text{NFCC} = [(\text{Current assets minus current liabilities}) \times 15)] \text{ minus value of all outstanding or uncompleted portions of the projects under ongoing contracts, including awarded contracts yet to be started coinciding with the contract to be bid.}$

- 8. Use the 2016 version of Omnibus Sworn Statement as per Section 25.3 of the 2016 RIRR
- 9. Copy of the BIR Form 2303 indicating the correct classification / category of the nature of business.
- 10. Website: <u>ncroffice.doh.gov.ph</u>

For guidance and information of all concerned.
